Donation Drive in College

There is no higher religion than human service and care, and to do good for common is the greatest work. Connecting Dreams Foundation organized a DONATION DRIVE in the college premises from 18 February to 20 February. We collected clothes, old newspapers, books, and notebooks. CDF conducted the same to contribute their time and effort to bring a smile to some unhappy faces. It was a rejuvenating event as anyone who wanted to donate for good was ensured that the things they donated worked as a bundle of joy that brings a smile. “ONE EFFORT, MULTIPLIES INTO MILLIONS”, was the motto of the Donation Drive!

Donation Drive for Slum Areas

Change the ending to someone's story. The act of donation & distribution can change the outlook of society and the perception of its people towards it. If each one of us takes one step ahead, we will be a hundred steps ahead of now. Connecting Dreams Foundation organized a Donation Drive on March, 09 at Sanjay Camp near Saket preceded by the donation drive organized on the college campus. We distributed notebooks, medicines, and clothes, and give them a brief awareness about cleanliness and a healthy lifestyle. Our main agenda was not just a matter of donation. It was about making a difference. We hope to serve society in every possible way as long as we can.

PROJECT HAQ UNDER QUALITY EDUCATION SDG

The word "Haq" can be interpreted as a right and it is the right of the children of our nation to be able to dream. Project Haq is an initiative by CDF as an improvised version of the Dream Library. Under Project Dream Library, we try to fulfill the requirements of the underprivileged kids by making the endowments of stationery and books to set up a Dream Library for them. To make the plan successful, the team conducted a collection drive in college wherein the society members and other college students took initiative and donated a variety of items for the welfare of the underprivileged. The collected items were donated to the slums of Shiv Park, Badh. Through this project, approximately 400 students of the school that they aimed at were impacted directly. The project is in life with SDG 4: Quality Education.

Looking out for problems of people

Great Deeds are done by the series if small things are brought together by the Team. Zooming in on the aim of Connecting Dreams Foundation, we commenced our first field visit on 28th September, 2019 at Sanjay Camp, Chanakyapuri. Tired, Trapped, and Tragic, but still smiled like the happy stars. The session with these impoverished gave us the insight into of some the most estimable lessons and the conviction to do something invaluable for them. Keeping our sight we prompted into our new realm with beliefs and the urge to break the lineage of have-nots. Weaving the thread of prosperity was the moto of the field visit.

SPEAKER SESSION BY AMIT TUTEJA

Success isn't only about money making, it's about the difference we make in others' lives while radiating ours. On the byway of servitude for penurious sections, CDF laid an opportunity to retain a session with our very own CDF India's Director Dr. Amit Tuteja on the 8th of November 2019. Conforming to the hands of benediction on the team, the rendezvous with him decentralized as a day of morale and incentives. He incited the college chapter with his thoughts and perceptions. Allocating his life's journey with us, he recited various inspiring stories of his personal experiences mentioning how he could overcome his barriers. He directed us to the different ways of observing and living our lives, illuminating the concerns of existence for happiness and sharing the gravity we behold. His method of accepting our failures and the definition of success invoked dewy enthusiasm in the members.
