2019	Seminar on Data Science and Analytics	70	2-Apr-19

Seminar on Data Science and Analytics

A seminar titled "Data Science and Analytics" was organized as part of the annual festival. There was active participation from faculty members and students. Data Science is an emerging field in computer science with applications in other areas like business, research etc. The event was organized on April2, 2019 with a purpose of acquainting students as well as faculty with the data science field. The event attended by more than 70 participants had talk along with presentation. Also there was a session to address the queries. It gave insight into the field and further areas to explore.

This is to certify that the activity report (Teacher/Department/Society/Association) has been submitted for documentation to Internal Quality Assurance Cell, College of Vocational Studies, University of Delhi.
