

‘The happiest people are those who lose themselves in the service of others.’

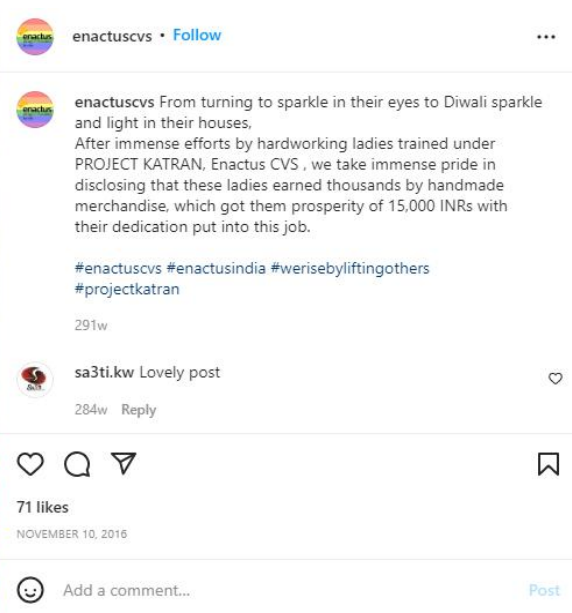

College along with its students has been making significant contribution towards the society and environment. A glimpse of the some of the projects and outreach activities organised towards social and environmental concerns:

Enactus CVS

PROJECT KATRAN

- ❖ We, at Enactus CVS have had the privilege of working with a group of women and help them polish their stitching skills by providing them a platform to work. Together, we have also been able to do our bit in protecting our environment.

After immense efforts by hardworking ladies trained under PROJECT KATRAN , we take immense pride in disclosing that these ladies earned thousands by handmade merchandise, which got them prosperity of 15,000 INRs with their dedication put into this job.

MAGIC SHOW (PROJECT MADARI)

- ❖ There's a thing about magic that we have to believe our eyes even when our heart knows the truth. Enactus CVS held a miraculous Magic Show by Project मदर्नी. The show was performed by their proficient beneficiary Mr. Babban Khan. Keeping up with the theme of Magic, there was also a Harry Potter themed photo-booth at the event.

Enactus CVS : Project Raah

PROJECT RAAH

Worldwide footwear consumption has doubled every 20 years, from 2.5 billion pairs per year in 1950 to more than 20 billion pairs of shoes produced presently each year.

However, more than 300 million people walk around barefoot every day. In fact, according to WHO reports, 23% of 2.3 crore people residing in Delhi NCR do not own a pair of shoes. Every day thousands of barefoot rag pickers are exposed to extreme health conditions, adults belonging to the less fortunate class are unable to work with it even becoming difficult for children to attend school as the mere act of walking becomes unbearable. It is estimated that 20 billion pairs of shoes are produced annually, with roughly 300 million pairs ending up in landfills or marine waste after they have been worn and less than 5% being recycled. The Ethylene Vinyl Acetate, which usually makes up the midsole of most shoes, lasts for 1000 years causing grave ailments to our mother earth.

SOLUTION

The core idea of Raah originated from the simple sight of a little school girl walking down a dirty street, in her untidy uniform, barefoot. To fight the lesser-known waste problem of India and answer staid issues like health & sanitation, discrimination and waste generation, we developed a simple yet effective action plan.

Through our business model, we divert the shoe waste back into the economy with the help of our community of cobblers. In the initial phase of the project, we collected old and waste shoes through donation drives at schools, colleges and housing societies. The shoes thus collected are categorized on the basis of their condition, durability and level of refurbishment required. The majority of shoes are transferred to cobblers around Delhi for reincarnation through washing, stitching and polishing.

enactuscvs.com/project-raah

Search, Home, Star, Print, D

cobblers around Delhi for reincarnation through washing, stitching and polishing.

JOOTON KA GARAGE

As the number of beneficiaries under Project Raah increased, we established permanent sources of supply of discarded shoes. We collaborated with footwear manufacturing companies that supply us with discarded shoes on regular basis. After mending the shoes, cobblers sell them at weekly markets, slums and stalls with profit margins.

We are also focusing on expanding Raah's concept of Jooton Ka Garage – a workplace for the benefit of cobblers so that they can easily renovate footwear. To provide them a common identity and creating a brand name, we have provided them with customized t-shirts, posters and stickers. One can also find them on Google Maps by searching 'Jooton Ka Garage' and the page has already accumulated more than 10,000 views.

To develop our entrepreneurs, we also provide them with soft skills and personal financial skills training which helps them in managing their business. Creating a win-win situation for both the buyer and seller by providing high-quality product at little cost, the project endeavors to turn irrelevant roadside cobblers into independent entrepreneurs.

Zero-Waste Model

ENACTUS CVS: Project Abyaan

enactuscvs.com/project-abyaan

Home About Our Projects Our Products Achievements Events Partners Contact

PROJECT ABYAAN

The team at Enactus CVS identified the two major channels of disposal of used oil which are resulting in environmental degradation and rising health problems.

With the first and foremost being the usage of nearby drainage systems as easy to rid routes of the excess grease, the after-effects that are visible in the form of fatty blobs in the sewer cause blockage and severe problems of clogging.

Dumping of used oil on land also seems to be a choice opted by many. This leads to seeping of oil into the ground contaminating not only the soil itself but also the groundwater that it contains.

With drains and landfills being only two of the many areas where used oil is unceremoniously found and disposed creates an urgent need for dealing with this rising problem and discern a feasible solution for the same.

PROJECT IDEA

To debilitate this neglected issue, Enactus CVS came up with an idea, a thought now being brought to life under Abyaan in the form of Ayuda and Ayuda Skincare Plus; soaps of premium quality made to simultaneously tackle environmental pollution and create hygiene awareness amongst the people.

Oil bank is being set up at several places in Delhi which are being used to collect Used UCO. After collection of UCO, it gets converted into soaps, which is certified and safe to use, through the skill of our women communities. While working with our communities which is also goat herders, we find the problem of underutilization of Goat milk. The solution to this helps us to give birth of Ayuda Skincare+. While Ayuda recycles used cooking oil procured from various vendors, Ayuda Skincare Plus makes use of underutilized goat milk acquired from communities of goat herders and treats skin problems such as dry skin, dead skin cells, and skin irritation.

With disposable cloth packaging making the model sustainable and eco-friendly, Enactus CVS not only aims to mitigate the problems targeted but also to sustain an idea leading to change.

ENACTUS CVS : Project

Ehtiyaat

enactuscvs.com/project-ehityaat

Home About Our Projects Our Products Achievements Events Partners Contact

PROJECT EHTIYAAT

Project Ehtiyaat started as a collaborative initiative of Enactus College of Vocational Studies and Enactus SGTB Khalsa in the year 2020 that aimed to promote and instill the practice of hygiene to ensure safety during the global pandemic. We provided protective equipment kits adhering to the guidelines of W.H.O. at affordable prices to contain the proliferation of COVID-19. In this view, to cater to the needs of all the sections of the society, we proffered two safety kits; Suraksh-Kit and Premium Kit.

Later the initiative got converted into Project Ehtiyaat which aims to attenuate the critical issue of single-use plastic waste that ends up in the ocean while empowering traditional handloom communities by making them a key element of this project.

PROJECT OVERVIEW

Project Ehtiyaat solves the problem of plastic pollution by establishing a system of upcycling plastic bags that not only helps to reduce carbon emissions but also reuses them and gives back their value to the economy. It is also uplifting the underprivileged and unrecognized weavers using traditional handloom by providing financial assistance to them.

Similarly, we also upcycle textile waste on a handloom by weaving it back into new pieces of fabric and subsequently reselling the fabric or stitching new products out of it.

Their Products:

The screenshot shows a web browser window with the URL [enactuscvs.com/our-products](https://www.enactuscvs.com/our-products). The navigation menu includes Home, About, Our Projects, Our Products, Achievements, Events, Partners, and Contact. The main content area features the heading "1. SHOE PLANTS (Project Raah)" with a circular logo containing the word "Raah". The text describes the project: "Every year tonnes of discarded shoes ends up in the landfill and act as an environmental hazard for all. We at Enactus CVS, under our project Raah used these discarded shoes to make shoe plants. Durable, water-resistant and decorative, these plants can be used to make your living room or night table fancy. If you are a business owner or a cafe manager, you can use these plants to not only decorate your workplace but also give out a positive note on upcycling." Below the text is a "Link to order:" with the URL <https://forms.gle/5ibeAxikESPYL0aA>. To the right of the text is a collage of images showing various shoes repurposed as planters, some containing flowers and succulents.

2 AYUDA SOAP

2. AYUDA SOAP (Project Abyaan)

Ever gone to the sweet shop and seen tonnes of cooking oil being disposed in drains and sewers? Or perhaps the activity was being repeated as the hungry customer gobbled his lunch in his favorite local restaurant.

Improper disposal of oil seems to be a overwhelming obstacle faced by especially eateries and the consumers, both helpless, the former causing direct harm to the environment and the latter being exposed to health problems.

Enactus College of Vocational Studies singling out the problem brings to the market Ayuda. A UCO soap made to fight the battle of environmental pollution while promoting sanitation. To the various collaborations made on the way till yet and many more to come, here's raising to the spirit of Ayuda.

Link to order:
<https://forms.gle/8qJWNi6Y7ewVGKgGA>

3. AYUDA SKINCARE+ (Project Abyaan)

It's not secret that goat milk is beneficial for the skin, the qualities of the same have been known since ancient times.

Enactus College of Vocational Studies realizing the potential of goat milk and making use of the same introduces Ayuda Skincare+ made by the hardworking hands of affiliated communities of goat herders.

Ayuda Skincare+ has versatile qualities which not only makes one look vibrant and youthful but also acts as an effective cleanser for soothing the skin. A purely organic soap, it nourishes and maintains the health of the skin and indefinitely calls for a shift from the common commercial brand.

The hopes for a bright future and an successful endeavor is surely what Ayuda Skincare+ strives for.

Rotract CVS Volunteers

CLOTH DONATION DRIVE FOR KERELA FLOOD VICTIMS

- ❖ Rotoract CVS conducted the **collection drive** in the college campus on 21.9/20118 for being donated to specific flood victims of Kerala.

VISIT TO OLD AGE HOME

- ❖ Inspiring and enthusiastic young men and women of Rotoract CVS visited Guru Vishram old age home, Okhla on 23rd of September, 2018. The visit was a fulfilling and emotional experience. Spending time with elderly people, reading newspapers for them, helping them with their small daily things were really the moments, students never forget.

<https://www.facebook.com/RotaractClubofCVS/photos/pcb.286896728691730/286896708691732>

- ❖ Rotaract CVS initiated yearlong project at Safdurjung Enclave with Streebal NGO where dropout students were taught by the students of CVS so that they get required skills and get job in future. Rotaract club of cvs in collaboration with rotaract club of vedanta organised a flagship project on 6,13,20,27 october 2018 at Streebal NGO greenpark which was attended by 7 member of RACCVS. Mainly the attendees were the dropouts and have no source of earning. There they were taught about data entry skills and accounting skills which was beneficial for them as with those skills they will become capable enough to earn a living in future for themselves and their families.

INDEPENDENCE DAY CELEBRATION AMIDST SCHOOL CHILDREN

- ❖ The members of our ROTARACT club went to a government school situated in Shahdara to celebrate independence day in a different way. Some cultural performances and speeches took place and after that the children of the school became a part of a handprinting activity. On a white cloth the children printed their hands which were drowned in the colour of our national flag. That cloth was sent to our Indian Army on 24 August, 2018 as a token of love from our side.

LITERACY FOR CHANGE

- ❖ We are proud to be part of the International joint initiative "Literacy For Change" taken by Rotaract Club of Islamabad, RID 3282, Bangladesh along with 94+ clubs from 23 countries. Helping someone to read and write effectively will help to make this world more beautiful. Therefore, effective literacy skills will close the doors of poverty and underdevelopment. RaCCVS was also the one of the club participating in the initiative and went to an orphanage to teach the students on World literacy day in बल आश्रय गृह on 27th September 2019.

ROTARACTORS BECOME SANTA

- ❖ The event was organized at AIMS and Safdarjung Hospital. The initiative aimed at spreading smiles on the face of unprivileged. RaCCVS became Santa and distributed clothes on 25 December , 2019.

NEW YEAR CELEBRATION AT SLUM AREA

- ❖ The event was organized at Slum area near Mansarovar Park on 1st January 2020. Sports activities and a session of storytelling by professionals was organised and it witnessed the happiness and satisfaction of the little ones. The rotaractors felt very nice for being a cause of someone's happiness.

PEHEL

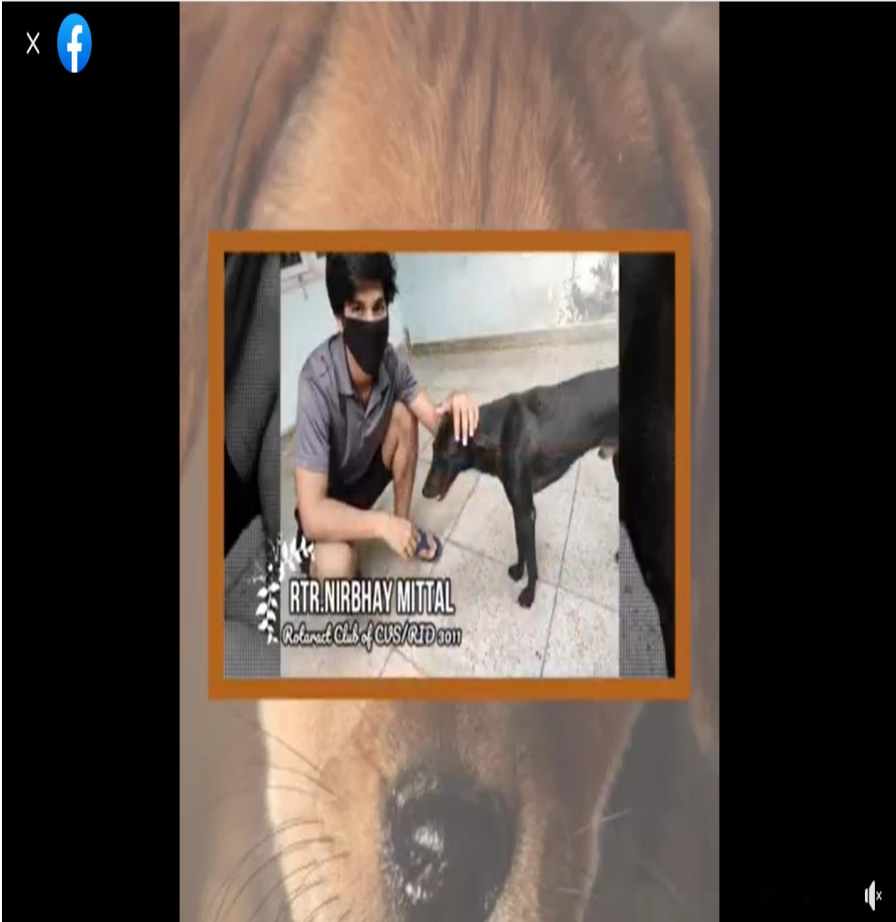

- ❖ The rotaractors visited the slum area and carried out Educational awareness and enrollment drive on 27th January 2020. This is the project which helped them to learn through their actual experience and peers.

PROJECT PAWS

- ❖ To celebrate International Friendship Day on 30th July 2020, Rotaract Club of CVS in collaboration with Rotaract Club of College of Chemical Sciences, RID 3220 organised "Project Paws". We all know the phrase "A dog is a man's best friend" so we decided to celebrate the friendship day feeding some hungry street pooches. Everyone clicked pictures bonding with their cute little furry friends.

PLANTATION DRIVE BY GREEN BRIGADE

- ❖ Green Brigade conducted a plantation drive in the college on 20 August 2018 under the 'Adopt a Tree' initiative. About 35 saplings were planted by Principal Sir, teachers, non teaching staff and the students to spread the message of conserving our environment. The event saw a participation of over 50 members in all.

CLOTH BAG DONATION DRIVE

On 7 September 2018, Green Brigade, The Environment Society Of College Of Vocational Studies, conducted an awareness drive regarding plastic pollution for all the teachers' of the college . Students highlighted to them about the hazardous and catastrophic effects of single-use plastics on our health and environment. It was a successful event as the students got an encouraging response from the teachers.

Green brigade volunteers participated in Sanitation Programs and can be seen rendering the service to the society **SPREADING THE MESSEGE OF CLEANLINESS.**

SWACHHATA HI SEVA (2019)

❖ The Green Brigade participated in the ‘Swachhata Hi Seva’ programme initiated by the Government of India to make the college campus and surrounding areas more green, clean and free of single-use plastic. In this regard, the society has launched a campaign titled, ‘Beat Plastic Pollution’ to obliterate single-use plastic from the college campus. Numerous initiatives have been undertaken by the Green Brigade under the Swachhata Hi Seva programme of Plastic Waste Management. Following is the list of activities undertaken to spread awareness about this cause-

- **Project Gyaan-** Awareness Drive in SDMC Primary School, Chirag Delhi, held on 16 September 2019. This awareness drive on ‘Beat Plastic Pollution’ was organized for the students of grade IV and V, for around 300 students. 40 volunteers from the society participated in this drive. Animated films on the hazardous effects of plastic were showcased to the students, followed by the demonstration of crafting paper bags from old newspapers. In addition, a Plantation Drive was organized in the school and native trees of Delhi like Neem, Amaltas and Gulmohar were planted as well as the initiative of ‘Adopt a Tree’ was started in the school wherein the names of the school students were written on cardboard placards which were then placed near the saplings and the students promised to nurture these saplings. Lastly, a Vertical Hanging Garden was made from up- cycled plastic bottles along with students and the teachers.

CLEANLINESS DRIVE BY GREEN BRIGADE

- ❖ **Cleanliness Drive** in the college campus was organized on 1 October 2019, to collect all the single-use plastic waste. 35 students participated in this drive and four gunny sacks (approximately 20 kgs of waste) of plastic waste was collected and was given to the Beach Warriors for proper recycling.

Shramdaan and Swachhata Pledge

- ❖ **Shramdaan and Swachhata Pledge** were taken on 2 October 2019. Around 30 volunteers participated in this activity to spread awareness about the catastrophic effects of plastic on our environment and health. 250 cloth bags made from up-cycled cloth materials like old sarees, dupattas, upholstery linen etc, were distributed to the residents of K-Pocket, Sheikh Sarai-II and plastic waste was collected from their homes for proper recycling. The material for the cloth bags was donated by the students, teaching and non-teaching staff of the college during the Cloth Collection Drive held in the college campus on 11 and 13 September 2019 and these were crafted into bags by women workers (Mrs Shahinoor Begum and Mrs Sharda) and were finally distributed to spread awareness about Plastic Pollution. Handmade tags made from medicine wrappers and other discarded packaging material, to reduce paper waste, were attached along with the bags. Following this, a Plog Run was organized, wherein plastic waste was collected from the streets of Sheikh Sarai-II and lastly, a Swachhata Pledge was conducted to give up single-use plastic and to make the campus as well as the surroundings clean and plastic-free. Around 50 kgs of plastic waste was collected during the plog run. **A Certificate of Excellence has been awarded to the College by the Beach Warriors for 'Opting Zero Plastic Model'.**

- ❖ Four students from the Society as well as Staff Advisor to the Society, Ms Ruchi Singh attended a conclave on 'Plastic- The End of an Era', organized by Pandit Deen Dayal Smriti Sansthan on 25 September 2019. On 8 August 2019, some members of the Green Brigade attended the 'Plastic Tide Turners Challenge' training session organised by WWF-India at their head office. It was a stimulating session which helped the students to understand the ramifications of the plastic crisis and motivated them to take immediate measures to overcome this problem.

Refillable white board markers for the teaching staff of the college have been introduced to reduce plastic wastage. Single-use plastic cutlery and straws, stirrers have been removed in the College canteen to curb plastic waste.

CONNECTING DREAMS FOUNDATION

Donation Drive in College

- ❖ There is no higher religion than human service and care, and to do good for common is the greatest work. Connecting Dreams Foundation organized a DONATION DRIVE in the college premises from 18 February to 20 February. We collected clothes, old newspapers, books, and notebooks. CDF conducted the same to contribute their time and effort to bring a smile to some unhappy faces. It was a rejuvenating event as anyone who wanted to donate for good was ensured that the things they donated worked as a bundle of joy that brings a smile. “ONE EFFORT, MULTIPLIES INTO MILLIONS”, was the motto of the Donation Drive!

Social Media Link:

<https://www.instagram.com/p/BvHG-EeneZZ/?hl=en>

Donation Drive for Slum Areas

- ❖ Change the ending to someone's story. The act of donation & distribution can change the outlook of society and the perception of its people towards it. If each one of us takes one step ahead, we will be a hundred steps ahead of now. Connecting Dreams Foundation organized a Donation Drive on March, 09 at Sanjay Camp near Saket preceded by the donation drive organized on the college campus. We distributed notebooks, medicines, and clothes, and give them a brief awareness about cleanliness and a healthy lifestyle. Our main agenda was not just a matter of donation. It was about making a difference. We hope to serve society in every possible way as long as we can.

PROJECT HAQ UNDER QUALITY EDUCATION SDG

- ❖ The word "Haq" can be interpreted as a right and it is the right of the children of our nation to be able to dream. Project Haq is an initiative by CDF as an improvised version of the Dream Library. Under Project Dream Library, we try to fulfill the requirements of the underprivileged kids by making the endowments of stationery and books to set up a Dream Library for them. To make the plan successful, the team conducted a collection drive in college wherein the society members and other college students took initiative and donated a variety of items for the welfare of the underprivileged. The collected items were donated to the slums of Shiv Park, Badh. Through this project, approximately 400 students of the school that they aimed at were impacted directly. **The project is in life with SDG 4: Quality Education.**

PROJECT KILKARI

- ❖ Connecting Dreams Foundation announced that they had officially started their Project Kilkari in the month of September, 2019. It was the beginning of enlightenment of the lives of so many by delivering the basic right, Education. Kilkari, a Project of CDF, has a mission with a vision that aims to achieve zero illiteracy in the urban slums of Delhi. It has rightly been said that Alone we can do so little, Together we can do so much. 200+ volunteers from various colleges of Delhi University, already striving hard to make a difference and now CDF'CVS has joined hands to create the impact that would speak for itself a few years down the line.

LOOKING OUT FOR PROBLEMS OF PEOPLE

❖ Great Deeds are done by the series if small things are brought together by the Team. Zooming in on the aim of Connecting Dreams Foundation, we commenced our first field visit on 28th September, 2019 at Sanjay Camp, Chanakyapuri. Tired, Trapped, and Tragic, but still smiled like the happy stars. The session with these impoverished gave us the insight into of some the most estimable lessons and the conviction to do something invaluable for them. Keeping our sight we prompted into our new realm with beliefs and the urge to break the lineage of have-nots. Weaving the thread of prosperity was the moto of the field visit.

- ❖ The Diwali of 2019, to illuminate the smiles of happiness and hopes, Connecting Dreams Foundation conducted a Donation Drive on the 22nd and 23rd of October 2019. Compiling the love and rejoices in the disguise of clothes and sweets, the team headed to celebrate this auspicious occasion with the necessitous fragment of Badh, Shiv Park by filling some empty hands and hearts on the 25th of October. Brightening up the smirk, the collection was handed out to the anticipators of delight. Their perky content faces were lightning up the ambiance of Diwali. The shanty sphere changed into an aura of bliss, desires, and zeal. The team pledged to eradicate the darkness of destitution and deliver the lights of prosperity.
