**A Report on awareness drive for
Ban on Single-Use Plastic organized by
NSS CVS in collaboration with
Municipal Corporation of Delhi, South Zone**

The National Service Scheme Unit of the College of Vocational Studies, University of Delhi, in collaboration with the Municipal Corporation of Delhi, South Zone conducted Awareness drives for ban on single-use plastic. NSS under this two days' awareness drive tried to create awareness about ban on single-use plastic and harmful impacts of non-compliance to the ban. In order to reach and impact a larger audience, NSS made attractive Digital poster and handmade posters indicating say no to single-use plastic. Posters were shared on our Instagram page with a motive to increase the visibility of our initiative to reach out to different NSS Units of colleges and universities. WhatsApp status, too was used to give updates of our initiative. Evidently, social media and handmade posters proved a great medium to create awareness about our initiative and imparting on impetus to our cause. Following are the day wise report of the awareness drive:

Day 1: **11th July, 2022**

MCD Officials: Sh. Raghuraj (SI) Total no. of volunteers participated: 29
Sh. Raju Chauhan (ASI)
Sh. Mukesh (SG)
Sh. Lokman (CFW)
Sh. Shyamveer (MI)

The drive was conducted at 2 locations, namely-the J-block Market, Saket, and PVR Anupam, Saket, along with the MCD officials. The drive was led by Mr. Raghuraj (SI) and Mr. Ishaan Jayaswal (Secretary NSS CVS).

Starting with the drive, we visited shops, the first being a sweet store in which we make them aware to not use single-use plastic and use ecofriendly cutlery, we informed them that failing to comply with the ban appropriate actions shall be taken by the MCD Officials, and the NSS team explained the customers present there the effects of using single-use plastic on the environment and informed them about the alternatives to single-use plastic like use of jute or cloth bags.

During the drive we also meet Dr. Ruby Makhija the Founder and Director of Why Waste Wednesdays Foundation who introduced NSS CVS Team to their project Vikalp which aims at reducing the use of single-use plastic by providing alternatives to the same at source. This includes establishing of stalls to borrow cloth bags @Rs. 20/- in markets of MCD South Zone.

They also, provided us with five samples of cloth bags through which we used to make the shop owners aware of reusable bags. The bags also contained QR codes, which can be scanned and will lead to information of all the Vikalp stores.

Continuing the drive further our team visited a stationery shop where we saw plastic sheet used for packaging/wrapping the commodity, we informed the shop owner that it should not be less than fifty microns in thickness except where the thickness of the plastic sheet impairs the functionality of the product.

Towards the end, we visited different food stores where we promoted the use of wooden cutlery like wooden spoons, plates, bowls and also showcased sample of same. We also visited milk shake shops where the entire NSS team along with MCD officials appreciated them for using paper straws and suggested him to use glass bottles for delivery purpose.

Day 2: **12th July, 2022:**

MCD Officials: Sh. Pradeep Kumar Dagar (ASI)

Total no. of Volunteers Participated:

Sh. Bhupender Kr. (PHI)

On the second day of drive, team NSS CVS along with MCD Officials, visited Bhikaji Cama Place to aware shop owners and general public about the ban on single-use plastics. The drive was led by Mr. Pradeep Kumar Dagar (ASI) and Mr. Ishaan Jayaswal (Secretary NSS CVS).

Starting with the drive, we first visited food shops (one such stall was seen using single-use plastic for packaging purpose and the same was seized by MCD officials, and we provided them with contacts from where they could procure plastic-free and environment friendly products), followed by mobile stores, and street vendors. Some of them were using paper bags, whereas some were not. The NSS team made them aware of the consequences and the ban. We also suggested them to make use of Cloth bags and briefed them about project Vikalp, as an alternative to plastic bags.

There were few food shop owners who argued that there are no alternatives available and hence we are forced to use single-use plastic items, however NSS Volunteers along with MCD officials explained them that you can google and search the manufacturers of environment friendly cutlery and NSS Team provided them with sample of wooden plates and gave them suggestion to visit Bhogal and Govindpuri as alternatives are available there.

Our team faced questions from shop keepers and consumers that how to identify that plastic bag is above 75 microns or not, we explained them to look for the stamp that should mention details of the manufacturer and DPCC No. and it will also have written on it 'above 75 microns'. Our team also informed them that the carry bags made of virgin or recycled plastic should not be less than 75mm and 120 microns in thickness with effect from December 31st, 2022.

Last but not the least, while heading towards Madhavpuram village, the NSS team saw an old man selling chole kulche, so we went to him, and we were pleased to see that he was not utilizing single-use plastic and, was using paper packaging.

Lastly, we visited Madhavpuram village, to inform the villagers to refrain from using single-use plastic. The NSS team also visited the milk shake shop and requested them to use paper straws and also provided them some samples of the same. While visiting the last shop, the team of NSS was happy to know that the shop owner had visited the "Vikalp Plastic Mela" that was held from July 1 to July 3, 2022, in Thyagraj Stadium, Delhi. In his

visit to mela he got contact of manufacturers who manufactures bag made from Corn Starch, he was also promoting say no to single-use plastic by wearing T-shirt of the same.

With this, we came to an end of our two days' awareness drive for ban on single-use plastic.

Note: Please refer to Annexure-1 and Annexure-2 respectively for the details of local shops/restaurants visited during the awareness drive.

A Report on **Legal Awareness** program on the topic
“Social Significance of Fundamental Rights & Duties” organised by
NSS CVS in collaboration with
District Legal Service Authority, South

A seminar on **“Social Significance of Fundamental Rights & Duties”** was organised by the NSS Unit of College in association with DLSA, South, on 21st July, 2022. The seminar was organised under the supervision of Prof. Ajay Jaiswal, O.S.D./Principal, and Dr. Ashis Taru Deb, Programme Officer of the NSS Unit of CVS. The resource person for the session was **Advocate Tejasva Mehra, DLSA, South**. Mr. Mehra practises in the Supreme Court of India, the Delhi High Court, and the Delhi District Courts. He is an alumnus of the University of California, Los Angeles, School of Law and Symbiosis Law School. Advocate Sh. Tejasva Mehra was welcomed by Mr. Ishaan Jayaswal, Secretary, NSS CVS, who briefed the audience about Mr. Mehra and about the session.

Advocate Tejasva Mehra started the session by quoting, *“Everyone is innocent unless proven guilty”* and *“Everyone has the right to be heard.”* He then continued the session with some basic questions on fundamental rights and duties.

He explained in detail the legal framework of our rights & duties, why these are important for an individual, and their importance in our constitution. He imparted knowledge regarding various legal aspects of fundamental duties & rights and how to defend and seek justice through the legal framework if anyone feels justice is denied to him/her under fundamental duties & rights. He further discussed the Fundamental Rights and Duties, which are listed below:

Fundamental Rights

Fundamental rights are constitutional rights that protect us from any kind of exploitation. Chapter 3 of the constitution elaborates on them.

The significance of fundamental rights is that they’re human rights.

1. Right to Equality

This prohibits discrimination based on religion, race, caste, sex, and place of birth. But there are some restrictions for security purposes, like in tribal areas to protect them and their culture.

2. Right to Freedom

This right gives us the freedom to speak our mind, but it should not derogate from other parts of society. We have the right to assemble without arms and form associations and unions like trade unions, student unions, labour unions, etc. Freedom to move and reside anywhere in the country except tribal areas, freedom to carry out any occupation.

3. Right against exploitation

The law lays down specific provisions to protect the weaker sections of society from exploitation by individuals or the state. This law prohibits human trafficking, forced labour, children not being allowed to work in factories or hazardous situations, and much more.

This also has some exceptions, like if a child between the ages of 6 to 14 is getting an education and can help his parents in their shops after school hours.

4. Freedom of religion

Anyone in the country, i.e., India, can practise any religion in the world, but the practises should not harm anyone or be disgraceful to any religion.

5. Cultural and Educational Rights

These rights protect the rights of religious, cultural, and linguistic minorities by facilitating their efforts to preserve their heritage and culture.

6. Right to constitutional remedies

The constitution provides remedies for citizens' fundamental rights that are violated. The government cannot infringe upon or curb anyone's rights.

Fundamental Duties

The *Fundamental Duties* are defined as the moral obligations of all citizens to help promote a spirit of patriotism and to uphold the unity of India.

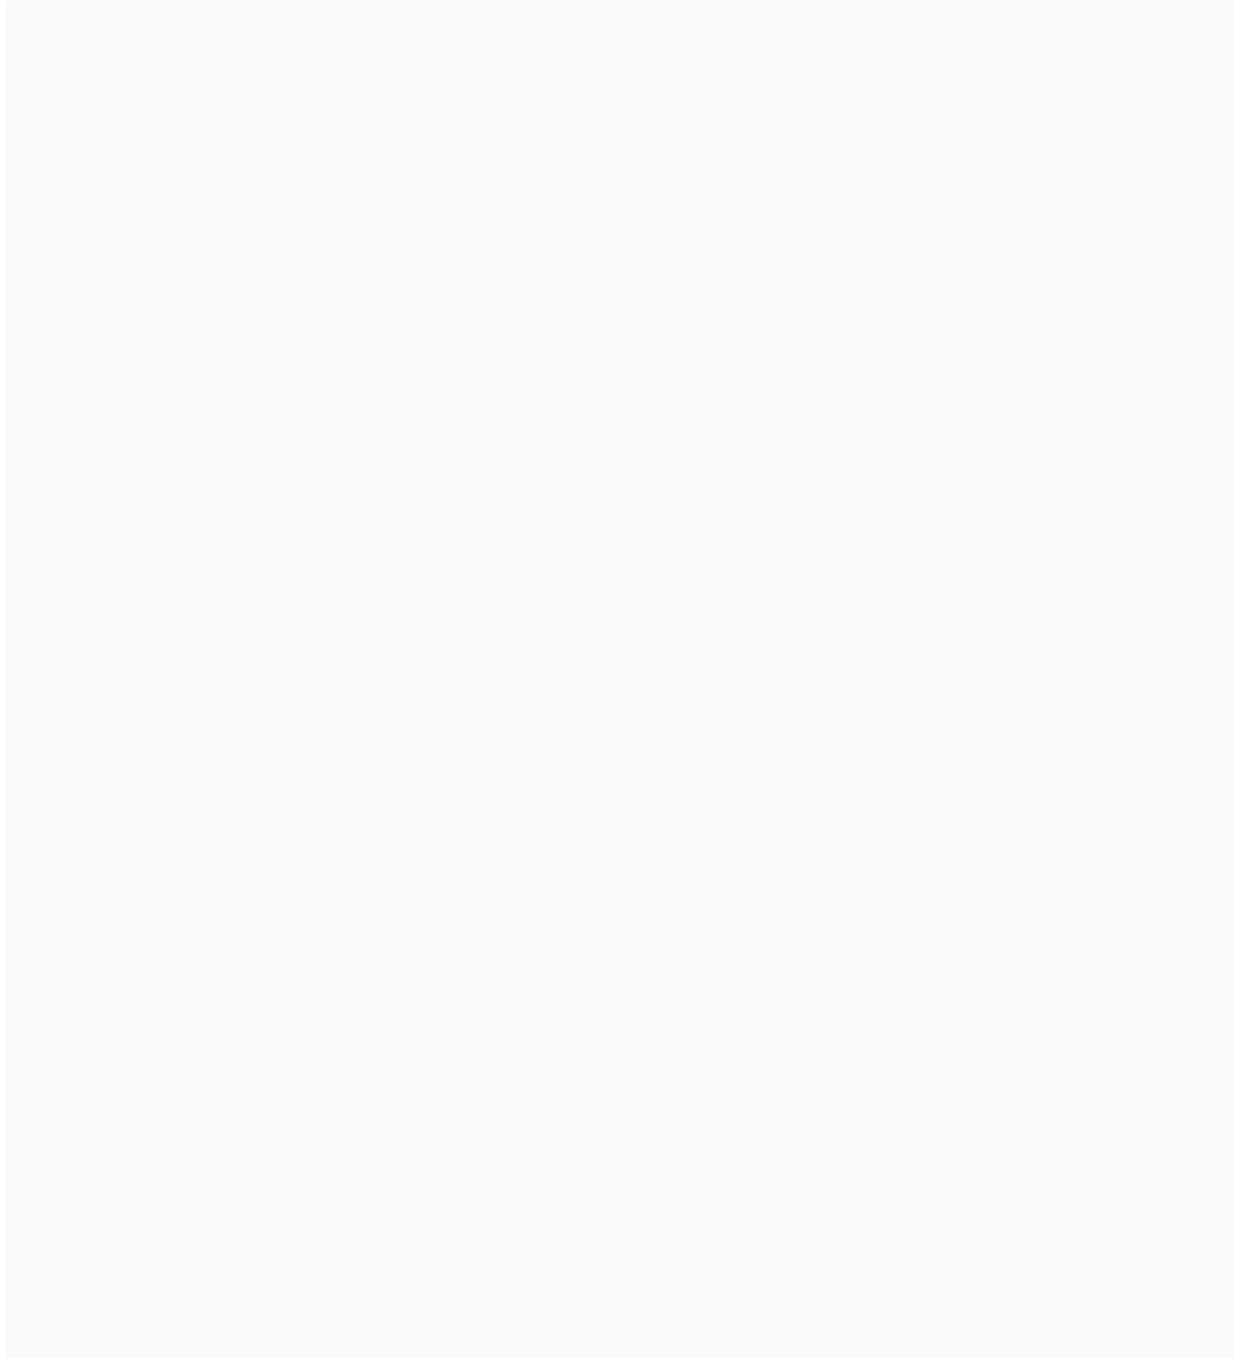

The fundamental duties of every Indian citizen are

1. To abide by the Constitution and respect its ideals and institutions, the National Flag, and the National Anthem;
2. To cherish and follow the noble ideals that inspired our national struggle for freedom;
3. To uphold and protect the sovereignty, unity, and integrity of India;
4. To defend the country and render national service when called upon to do so;
5. To promote harmony and the spirit of common brotherhood amongst all the people of India, transcending religious, linguistic, and regional or sectional diversities; to renounce practises derogatory to the dignity of women;
6. To value and preserve the rich heritage of our composite culture;
7. To protect and improve the natural environment, including forests, lakes, rivers, and wildlife, and to have compassion for living creatures;
8. To develop the scientific temper, humanism, and the spirit of inquiry and reform;
9. To safeguard public property and abjure violence;
10. To strive for excellence in all spheres of individual and collective activity so that the nation constantly rises to higher levels of endeavour and achievement;
11. Who is a parent or guardian, to provide opportunities for education to his child, or as the case may be, ward between the age of six to fourteen years

Mr. Mehra even briefed the audience about five (5) writs, namely Habeas Corpus, Mandamus, Prohibition, Certiorari and Quo Warranto.

The seminar was important for everyone, especially for the youth, as they got to know the proper meaning and framework of their fundamental duties & rights. Being a citizen of India, it is important for every individual to know about the basic and legal aspects of their duties & rights. It was quite an enriching & enlightening experience for the students. All the doubts and queries of the students and faculty members were cleared by the resource person.

A Report on
“Selfie with Tiranga” and “Har Ghar Tiranga”
campaign organized by
NSS CVS under the aegis of
Azadi Ka Amrit Mahotsav

The NSS Unit of College of Vocational Studies organized “*Selfie with Tiranga*” and “*Har Ghar Tiranga*” Campaign (by virtually pinning a flag) under the aegis of Azadi Ka Amrit Mahotsav from **5th - 15th August, 2022** with the objective to encourage people to bring the Tiranga home and to hoist it to mark the 75th year of India’s independence and to instil the feeling of patriotism and acknowledge the journey of India in the last 75 years. Our relationship with the flag has always been more formal and institutional than personal. Bringing the flag home collectively as a nation in the 75th year of independence thus becomes symbolic of not only an act of personal connection to the Tiranga but also an embodiment of our commitment to nation-building. The idea behind the initiative is to invoke the feeling of patriotism in the hearts of the people and to promote awareness about the Indian National Flag. The volunteers and faculty members were asked to click the selfie with the flag and posted on website <https://harghartiranga.com>, Students also pinned the Flag on the website as per their geographical coordinates. The government also to promote the campaigns amended the Indian Flag Code to ensure easy availability of Indian National Flag, the amendments made were

1. Flexibility in Materials permitted for preparation of flags — Polyester, Cotton, Wool, Silk and Khadi bunting material permitted.
2. Permitted Sizes: Length to Height (Width) Ratio of 3:2 to be maintained. No size restriction.
3. Machine Made Flags permitted in addition to Hand-made Flags.
4. A member of public, a private organization or an educational institution may hoist/display the National Flag on all days and occasion.

The ambitious Har Ghar Tiranga Campaign was being actively promoted by the entire volunteers of the NSS Unit of the college.

A Report on
“Covid-19 Vaccination Camp”
organized by
NSS CVS and Academic Supervisory Committee
in collaboration with the
IQAC

The National Service Scheme (NSS) and the Academic Supervisory Committee, in collaboration with the Internal Quality Assurance Cell (IQAC), organized a Free COVID-19 Vaccination Camp for college students, teaching staff, and non-teaching staff. Local Health Authorities- DGD Chirag Delhi collaborated with the NSS Unit for this camp. The camp aimed to provide accessible vaccination against COVID-19 by offering both COVISHIELD and COVAXIN. vaccines for the first, second, and precautionary doses. The event was held on August 31, 2022 at Seminar Hall, Old Building. The vaccination camp commenced at 09:30 a.m. and continued till 04:15 p.m. Trained healthcare professionals administered the vaccines. All beneficiaries were required to follow the necessary COVID-19 protocols, including wearing masks, maintaining social distancing, and using hand sanitizers. The primary objective of the vaccination camp was to ensure a safer environment for the college community by increasing the vaccination rate and thereby minimizing the risk of COVID-19 transmission within the campus.

In order to ensure maximum results and extensive promotion of the campaign was carried out through various channels, including college websites, social media, and physical posters to maximize participation.

The vaccination camp was a resounding success, with a total of 180 beneficiaries receiving their COVID-19 vaccinations. Each beneficiary was requested to wait for 30 minutes in order to observe any effects. This event not only contributed to increasing the vaccination rate but also emphasized the significance of community health and collective responsibility in combating the COVID-19 pandemic. The continued efforts of such initiatives will play a crucial role in achieving broader vaccination coverage and ultimately controlling the spread of COVID-19. The collaboration between educational institutions and health authorities exemplifies the potential for effective community-driven healthcare initiatives.

The Free COVID-19 Vaccination Camp organized by the National Service Scheme and the Academic Supervisory Committee in collaboration with IQAC under the able guidance Professor Ajay Jaiswal, OSD/Principal; Dr. Ashis Taru Deb, Programme Officer, NSS CVS; Dr. Shalini Singhal, Convenor of the Academic Supervisory Committee, and Dr. Anu Satyal, Coordinator, IQAC, was a commendable initiative to promote a safer environment within the college community. A Report on
“Indian Swachhta League”

The NSS (National Service Scheme) unit of the College of Vocational Studies, University of Delhi, actively participated in the Indian Swachhta League organised by the Ministry of Housing and Urban Affairs on **September 17, 2022**. The league aimed to engage and mobilise youth volunteers in the nationwide cleanliness and sustainability drive, promoting a cleaner and greener India. The participation involved registering volunteers on the MyGov platform and showcasing various eco-friendly items at the exhibition. Additionally, the NSS CVS organised several events, such as the Nukkad Natak, puppet show, and debate, promoting the importance of cleanliness and environmental awareness.

Registration on MyGov:

The NSS unit encouraged students and volunteers to register on the MyGov platform to actively participate in the Indian Swachhta League. By doing so, they joined a community of like-minded individuals committed to contributing to the nation's cleanliness and sustainability goals.

Exhibition of Eco-Friendly Items:

As part of the Indian Swachhta League, an exhibition was organised to showcase eco-friendly items. The NSS CVS actively participated in this exhibition, displaying a wide range of environmentally friendly products and materials. These items included reusable bags, compostable cutlery, biodegradable stationery, and more. The aim was to promote the use of sustainable products and reduce the reliance on single-use plastics and non-biodegradable materials.

Nukkad Natak (Street Play):

The NSS CVS organised a Nukkad Natak, or street play, as part of the Indian Swachhta League activities. The street play focused on raising awareness about waste management, sanitation, and the importance of maintaining a clean environment. Through engaging performances, the NSS volunteers effectively conveyed the message of responsible waste disposal, recycling, and the impact of individual actions on the overall cleanliness of the surroundings.

Puppet Show:

A puppet show was also organized by the NSS unit during the Indian Swachhta League event. The puppet show targeted a younger audience and creatively communicated the significance of cleanliness and hygiene in an entertaining and accessible manner. By using storytelling through puppets, the NSS CVS aimed to instill a sense of responsibility towards the environment among children and inspire them to adopt sustainable practices in their daily lives.

Debate:

In addition to artistic performances, the NSS unit hosted a debate on relevant topics related to cleanliness, waste management, and environmental sustainability. The debate provided a platform for students to express their opinions, exchange ideas, and propose innovative solutions to address the

challenges associated with maintaining a clean and eco-friendly environment. This event encouraged critical thinking and fostered a sense of leadership and involvement among the participants.

Conclusion:

The participation of the NSS Unit of the College of Vocational Studies, University of Delhi, in the Indian Swachhta League 2022 was a resounding success. The registration of youth volunteers on MyGov showcased the commitment of the college's community towards a cleaner India. The exhibition of eco-friendly items promoted sustainable alternatives and encouraged responsible consumption habits. The Nukkad Natak, Puppet Show, and Debate organised by the NSS CVS effectively disseminated the message of cleanliness and environmental consciousness among diverse audiences. Overall, the active engagement of the NSS unit contributed significantly to the success of the Indian Swachhta League and furthered the cause of a greener and cleaner nation.

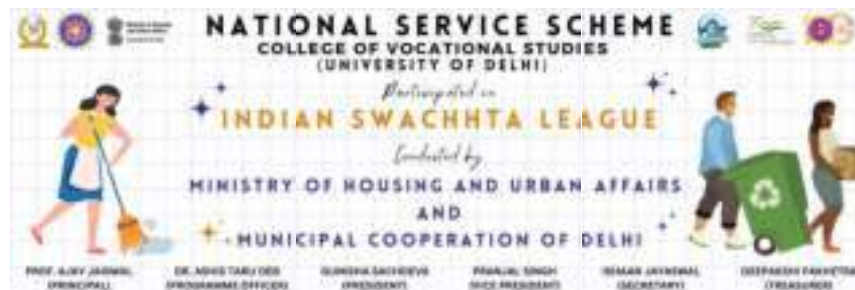

Finally, it all came to an end with the clicking of pictures of the whole team, followed by last-minute campaigning accompanied by slogan raising like "Ek Kadam Swachhata ki Aur" and many more.

1. Seminar on Sustainability

Green Brigade feels proud to be invited by the college faculty to join an important seminar with the motive to promote sustainability on 4th July 2022. It was organised by the Mahatma Gandhi National Council of Rural Education, Ministry of Education.

The speaker, Ms. Sanchita Pandita brought up the motive of the session and gave us a small introduction. She started with the single-use plastic ban implemented by the government on 1st July, stating some examples like plastic straws, cups, cutlery, etc. The most dangerous is polythene because it takes a lot of

time to decompose. A few teachers and students also presented their points of view, stating some in-life examples for students to understand. After this, the speaker showed us a form by the Government of India for calculating sustainable resource use in the college. She talked about renewable energies like solar panels, which help our environment, but we don't have enough revenue yet, to depend on renewable energies.

We also discussed the use of solar panels in college and the surplus energy generated by them. There were also some methods to calculate the amount of water and electricity consumed by the college. In Delhi, 20 kl of water is free of cost per month, if the consumer exceeds it, they have to pay the whole cost. She also talked about wind energy and the importance of constructing windmills where strong winds are present.

She also told us about great sustainable inventions by students of our age in different colleges and inspired us to contribute to the environment. Some members of Green Brigade raised a few questions which were then discussed by the speaker and the teachers present.

Poster:

The poster is for an awareness drive on the ban on single-use plastic. It features logos of the Green Brigade, the Environment Society of College of Vocational Studies, the National Service Scheme, and the Municipal Corporation of Delhi (South Zone). The event is presented by the Green Brigade and NSS. The drive will take place at PVR Saket Market & J Block Market, Saket, and Bhikaji Cama Place, on July 11 and 12, 2022, starting at 11 AM onwards. The organizers are Arushi Banerji (President, Green Brigade), Dr. Anu Sanyal (Convener, Green Brigade), Dr. Achin Tantu Deb (Convener, NSS), and Gurisha Sachdeva (President, NSS).

Report:

Green Brigade collaborated with NSS for a campaign to promote awareness regarding the ban on single-use plastic with the guidance of MCD South Zone on the 11th and 12th of July 2022. We aimed to make the general public aware that single-use plastic drastically impacts the environment in a harmful way.

On 11th July, the members travelled with NSS to J Block and PVR market, Saket. The MCD officials welcomed us and gave us a short introduction to the campaign's motive. They led us through the markets with a loudspeaker, informing the people and the shop owners about the single-use plastic ban implemented by the government. We entered many shops to check their plastic usage and caught a glimpse of how MCD works.

While going around the J block market, we encountered Ruby Makhija who enlightened us more about the single-use plastic ban. She informed us that the ban on single-use plastic was implemented in December 2021 but gained momentum in July because of the government specifying the items. She even taught us how to identify legal and illegal plastic bags. Further, we got to know that the most polluting plastic element is not polythene bags, but cigarette ends.

She introduced us to Project Vikalp, started by her in collaboration with the MCD. Under this initiative, she set up stalls to sell cloth bags in different areas. The consumers can get these bags for merely INR 20. Even more, they can get this amount back by returning the bags to any of the Vikalp Stalls. The bags even have a QR code for users to scan and know the location of other Vikalp stalls. This idea reduces the financial burden on people who can't afford extra bags and ensures that people don't leave the bags at home, purchasing goods in plastic bags once again.

12th July marked day two of this campaign. On this day, we travelled with NSS to the main market in Bhikaji Cama Place. There we spoke to a lot of shopkeepers along with MCD officials about the ban on single-use plastic. We were delighted to find a few shops which had prior knowledge about this and were already using paper bags and paper cups. We all showed our appreciation and encouragement by clapping for them. It was very inspiring to see that the shopkeepers that did not know about the implementation of the ban were kind enough to listen to us and agreed to change their ways and switch to cloth bags and paper plates instead of using single-use plastics. The MCD officials were also very cooperative and knowledgeable and worked hard to help us succeed in our initiative. Initially, we started by going to shops with the officials but later on, we divided ourselves into groups and went to different shops to be more efficient. Ultimately, in just one day we were able to over 20 shops.

8. Visit to Waste Management Institute

On 31st March 2023, our team visited a Waste Management Institute. There we met Mrs. Ranju Minhas. She is an educationist and environmental crusader, working towards the conservation of natural resources since 2005. She has conducted numerous regenerative lifestyle workshops in communities. In May 2022 her book entitled My Waste My Responsibility! Freedom from Waste got published. She was also one of the speakers in our bi-annual event - Prithvi. It was a privilege for us to meet her again and visit her institute.

We got to know the importance of waste recycling in our daily lives, Along with this, we got to know a lot of new things about recycling & other measures. Some of the things that we got to learn are :

- Home composting results in less pressure on landfill sites
- Waste Management at our home will help to protect and enhance the fertility of mother earth
- Household Composting helps to reduce polythene usage.
- Decomposition of biodegradable waste at home also prevents soil pollution by preparing manure easily

Day 2 was filled with both fun and learning. It began with an Academic Event called Buzz Vision held in the Conference Room at 10:30 AM. This event was divided into two rounds: Quiz and Group Discussion. We received 50 participants from various colleges, all around Delhi University.

In the first round i.e. Quiz, the participants were given 5 questions each, pertaining to the environment. They had 10 minutes to solve these questions.

On the basis of the scores of Round 1, ten participants were promoted to the second round i.e. Group Discussion. In this round, the participants were divided into two teams and given certain topics of the environment to have a discussion over. They were given 5 minutes to discuss and 2 minutes to present their individual opinions as well.

Finally, two of these participants won on the basis of relevancy of points, confidence, and overall behaviour.

The day was then followed by a Nukkad Natak presented by Asmita Theater Group. They made the students aware of sustainability and the destruction of important resources.

This was followed by a dance performance by Priya. We even had a few music performances by Arjun Nagar, Baadal Jasmera, and Project Dnox. Students thoroughly enjoyed themselves and had a great time.

The event ended with a bang with a fashion performance on the topic of environment by Manthan, the Fashion Society of our own college.

The event was a huge success. We were able to educate the students as well as create awareness amongst them about various topics related to the Environment.

‘Museum Walk To The National Archives of India ’

A ‘Museum Walk’ was organised by ‘The Time Travellers’, to visit the ‘National Archives of India’, to view the ongoing exhibition entitled ‘Saga of freedom: known and lesser struggles’, for the students of BA History (hons) Vth Semester on **21th September 2022**. Students of Vth Semester History Hons at National Archives of India

It was a much required visit for the History Hons students as the students got to know much about the struggle and fight against the Britishers by common people for the independence of India. As the exhibition was focused on Saga of Freedom, Known and lesser known struggles and the students know already a lot on the known and prominent struggles such as 1857 revolt, Champaran Satyagrah 1917, Non Cooperation Movement 1920, Chauri Chaura 1922, Dandi March 1931. This visit to National Archives of India opened the eyes of students to the lesser known fights and struggles by Indians against British as well such as 'Chuar Uprising in West Bengal 1771-1809, Kumar Namdhari Movement in Punjab 1871, Chapekar Brothers 1897, Munda Revolt in Ranchi 1894, Allport Bomb case Muzaffarpur 1908, Haruka Movement Manipur 1930, kirti Kisan Movement 1927 and many more such revolts and fights that student got acquainted with.

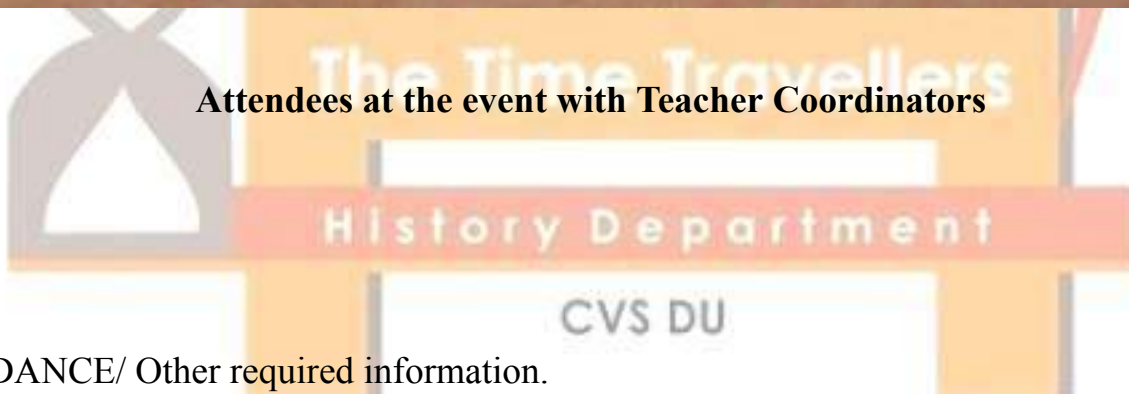

Students got to know that how most of the freedom fighters were well qualified, some were barristers, poets, writers, businessmen coming from poor as well as elite backgrounds this makes us realise that how big their sacrifices were for the freedom of India, they left everything behind for the one cause. Students saw the handwritten imprisonment judgments, death sentences passed against freedom fighters by British judges and magistrates like one against Chapekar brothers. Letters of Gandhiji, diary of Bhagat Singh and many such precious records were shown to students

At the end of the museum walk students sat in a conference hall with the professor of Archives provided by college as guide to discuss about what they felt and how they perceived the valuable archives of India. It was a well interactive and educational session allowing the attendees to speak up their thoughts on freedom struggle.

OUR SPEAKERS:-

-Ms. Komal Pandey, an Art historian and the HOD of jewellery numismatic and epigraphy in national museum.

-Mr. Sanjib Kumar Singh, an archaeologist and museologist, in national museum, ministry of culture, govt of India.

LECTURE TOPICS:

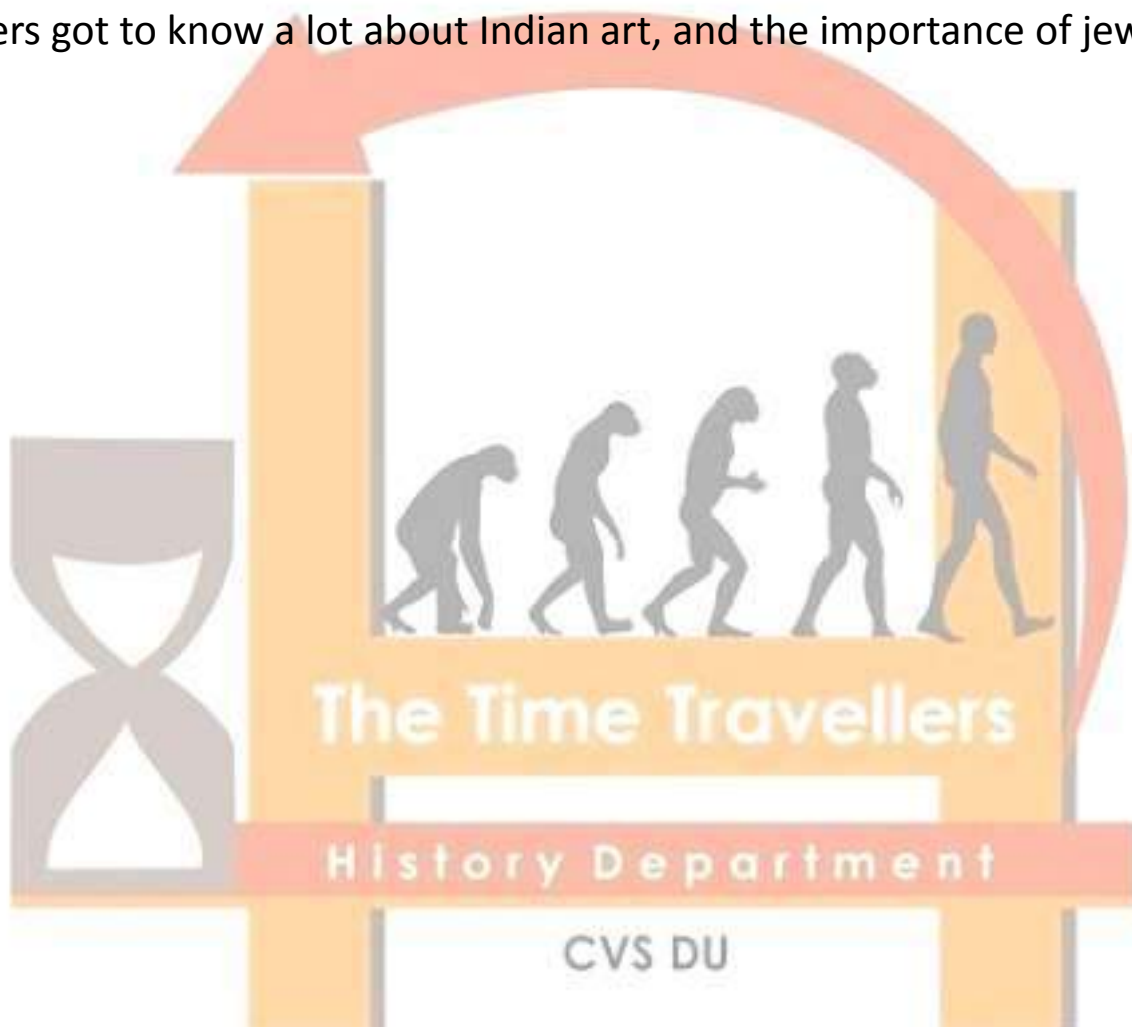

-The journey of Indian Art

-National museum jewellery collection, context, and curation

We boarded a journey, beginning from harappan civilization, witnessing it's marvels- the bronze dancing girl, pots, proto-shiva, priest etc. Stopped at gandahar, kushana, mathura and mughal school of art, learning about the endless no. of miniature paintings.

We again took pace from the topic of kohinoor, moving to the jewels of the nizams, awed by their fascinating stories of wearing jewelleries. We also learnt about the spiritual value of accessories and finally reaching our destination, ending at the stop of curation.

The entire session proved to be quite enlightening and successful as our members got to know a lot about Indian art, and the importance of jewellery.

Amidst the hustling crowd at Chandni Chowk, we reached our first destination, the Cisganj Gurudwara where we were awed by the holy chants and prayers of the sikh community and tended by the langar prepared by them.

Soon we were off to our 2nd destination, the Humayun's tomb where we learnt extensively about the art and architectural elements of the massive monument and visited other establishments within the same complex.

As the rays of dusk finally started to paint the sky, we reached our last and final destination, the Nizamuddin complex where we visited the dargah and ghaalib's tomb. Overwhelmed by the serene atmosphere, we were delighted to listen to beautiful stories about the place which are now lost in the folds of history.

Under the esteemed guidance of our resource person Ms.Paavni Singh and our Prof.Virender Sir we were successful at providing our members with a soulful and enlightening experience.

We look forward to organizing more such walks in the future.

Time Travellers, the History Society of CVS, DU, successfully organized a two-day event, attended by over **200** students from **9th February-10th February 2023** to celebrate their annual event- KARVAAN'23.

The primary theme was “KALASANGAM”, a culmination of Indian cultures and traditions with “FOOD STORY: THE HISTORY OF YOUR FAVOURITE CUISINE”, being the central focus of DAY 1.

The event was conducted under the guidance of the respected teacher in charge of the History Dept., Prof. Anu Singh and was attended by all the respected faculty members.

He enlightened our students over the “Fragrant flavours and forgotten foods: Story of Delhi through food” highlighting the journey of many forgotten foods that most of us weren't familiar with and covering other trendy topics like vegan food, western junk diets, north-eastern food, etc. The session was captivating and engaging, wherein he also interacted with the audience answering queries, and tasting a few delicacies from the mini potluck arranged by the students.

Furthermore, we had our 2nd lecture of the day, under the aegis of Dr. P.L Malhotra Memorial Lecture, Prof. Seema Bawa, Dean, Dept. History, Faculty of social sciences, the University of Delhi who educated us on the topic of “Art, culture and Ancient India”, where she focused on Shilpa (term used to describe art), creative commentaries on art, and many other things. She also underlined the major role that art played in the history of ancient India and how art shaped culture.

Apart from the lectures, there was also a paper presentation, an Intra college competition for the students where the participants had to deliver an academic paper presentation on the theme “FOOD STORY: THE HISTORY OF YOUR FAVOURITE CUISINE” which left the audience with so many realizations to ponder upon and a sense of inspiration. Next up, the society also arranged a poetry contest on the theme “Indian Cuisine” wherein students presented their self-written poems.

The competition was a massive hit where students conveyed their favourite food memory and food stories through the medium of poems.

Alongside, there was also a mini food potluck to emphasize the nation's diverse culture with each bite for the members of the society as a fun addition to the academic programs, opening the platform for the students to showcase their extraordinary culinary skills by preparing various Indian dishes of their preferences and bringing them to share with their fellow members.

DHARAMSHALA TRIP REPORT

On **March 2nd, 2023**, **22 students** along with two teachers of the History department of College of Vocational Studies visited Dharamshala in Himachal Pradesh, intending to explore one of the best hill stations in India. The trip was organized for three days starting from the **2nd of March till the 6th**.

After reaching the city in the early morning of 3rd March, we decided to visit our first place of visit, the Norbulingka institute, which preserves Tibetan art through self-sustaining means. Norbulingka's art studios including Tibetan statue-making and thangka paintings were exceptional in that they intrigued us to know more about their techniques. Set amidst the Norbulingka gardens was the Tsuglagkhang complex, containing murals of Buddha, and drawings of chronicles of the Dalai Lama. The Losel Doll Museum also fascinated us with its displays of miniature Tibetan dolls in traditional costumes. Popularly known as the 'little Tibet in India', the city makes us familiar with Tibetan culture and tradition. After having a splendid lunch then, we drove towards our second destination in Khanyara valley. Crossing several streams, coniferous forests, and steep rocky places, we mounted towards the snow point, and the trekking experience we had there was incredibly memorable.

Our second day was filled with a lot more fun to explore in McLeodganj. Firstly, we visited St. John in the Wilderness Church in McLeodganj, built-in neo-Gothic architecture and surrounded by a deodar forest. This classic monument, dedicated to Lord Elgin, one of the viceroys of India, attracts us with its amazing architectural design and lovely glass windows. Then we moved on to our next place of visit, the Namgyal Monastery, which holds the title of the largest Tibetan temple outside Tibet, where the Dalai Lama is believed to have his abode. The large prayer hall with Buddhist hymns created a uniquely peaceful environment all along. The overlooking

Himalayas made the monastery even more atmospheric. It filled us with an ecstatic spiritual experience.

Being one of the famous tourist shopping centers in Himachal, McLeodganj markets are flooded with trendy styles of clothes, Tibetan handicrafts, thangkhas, Tibetan carpets, prayer flags, Tibetan artifacts, and small prayer wheels. We had a great time bargaining, purchasing, and

exploring the local markets.

Located about a few km away from the Bhagsunath temple were the Bhagsunath waterfalls, at the base of the Dhauladhar valley which is also considered to be a religious spot. The serenity and ambiance of this place made us feel fresh besides the spectacular beauty of the falls. The cafes and coffee houses nearby served light refreshments, and we enjoyed snacking while viewing the gorgeous Bhagsunag Waterfall.

Our final day had two destinations, the Kangra Fort and Masroor rock-cut temple. Kangra fort, located about 20 km from the town of Dharamsala on the outskirts of the town of Kangra, is claimed to be the oldest fort in Himachal Pradesh. Being students of history we were excited and curious to know more about the fort with such tricky entrances designed with stone carvings, majestic rampant parts, huge walls made of black stone, stone shrines of Lakshmi-Narayana and Ambika Devi, and a history of several invasion attempts.

Dubbed the Himalayan Pyramid, Masroor Rock Cut Temple, our final destination, was a popular archaeological site built between the 8th-9th century AD. A group of 15 monolithic rock-cut temples designed in Indo-Aryan style and the main shrines containing the stone idols of Rama-Laxman and Sita were the major attractions of the place. This magnificent temple can also be viewed from the top with a pleasant scenic beauty around it.

Overall the trip was an incredible experience where we spent three days exploring different cultures, cuisines, traditions, and ways of living. We returned to our homes with a bunch of wholehearted memories that will be cherished forever.

INDUSTRIAL VISIT TO PARLE

April 4, 2022

Location - Bahadurgarh, Haryana

Teacher Coordinator	Meenakshi Agrawal	Student Coordinator	Manish Singhal

Team ComSoc visited an industry of **Parle** located in **Bahadurgarh, Haryana** on **4th April 2022**. Around **50 members** of the society including the President, Vice-President, Secretary, Treasurer, departmental heads and the organising committee members were accompanied by **3 teachers** during the visit.

The whole team had gathered in the college at around 10 AM, which was followed by a bus journey of 2-3 hours. They reached the factory at 1 PM.

Parle, founded in 1929, is a well reputed company and many of its products like Parle G, Monaco and a variety of other biscuits are famous all around the world. The factories situated in Bahadurgarh, Haryana and Neemrana, Rajasthan are the two mother factories of Parle. It also has many other manufacturing units located all over the country.

After reaching the factory, the team was welcomed by the staff members and given a tour of the whole industry. Firstly, they were taken to the processing unit where they observed the manufacturing of Parle's well known products like Parle G, Monaco and Krack Jack. Thereafter, everyone was asked to be seated inside a room where a presentation was put on display. The presentation was an animated short film which explained in detail about the working of the Parle industry, the products manufactured by them, the ingredients used etc.

This was followed by a very interactive Q&A session in which the students asked numerous questions related to the sale and revenue of Parle products and their future plans for growth of the company. All these doubts were well clarified by one of their employees. In addition to this, she provided information regarding various commodities invented by Parle which are prominent not only in India, but a few foreign countries as well. She even mentioned that their highest selling product is Parle G.

In the end, some refreshments were distributed to the whole team and a group picture was clicked to be kept as a memory of the visit. Everyone then came back to the college in the evening.

Overall, the industrial visit turned out to be a great experience for the whole society and they got many insights about the working structure of Parle.

INDUSTRIAL VISIT TO COCA-COLA

October 7, 2022

Location - Greater Noida, Uttar Pradesh

Teacher Coordinator	Meenakshi Agrawal Shemphang Lyngdoh Deepika Mishra	Student Coordinator	Pratham Aggarwal
No. of Student Attendees	32	No. of Teacher Attendees	2

On **7th October 2022**, Team ComSoc successfully organised an industrial visit to the **Coca-Cola Happiness Factory** situated in **Greater Noida, Uttar Pradesh**. **32** members along with **two faculty members** visited the factory to acquire knowledge about the basic working, production and management process of the company.

The students gathered in front of the college entrance at around 9:30 in the morning. Following a bus journey of 2 hours, they reached the venue at 11:30 am.

Coca-Cola company is a widely famous American multinational beverage corporation which was founded in 1892. Best known for the production of Coca-Cola, its headquarters is situated in Atlanta, Georgia, United States. Currently operating 58 water-intensive bottling plants in India, the biggest one is situated in Greater Noida which the team visited.

After reaching the venue, the students were guided by two employees and were given a briefing of rules and guidelines to be obeyed by everyone inside the factory. This was followed by an overview about the main products of the company such as Mazza, Thums up, Sprite etc. and an interesting exhibition of old advertisements designed by the company. Then an informative short film was shown to the students which contained a bunch of interesting facts like the company has over 3000+ products and 500+ brands.

After that, the students were taken inside the vault where the manufacturing process was explained. The whole team observed how the cans are manufactured, the quality tests taken place and what is done with the rejected ones. Everyone was also made aware of the fact that only 2 people in the world know the secret formula of 'Coca-Cola'. The whole team was told that the average production of the cans is 10 to 12 lakhs per day and a record had been made by producing 37 lakhs cans in 24 hours. Thereafter, the evolution of their bottles was shown which was followed by an insightful Q&A session. Everyone's questions were answered very patiently.

Before leaving, unlimited drinks were offered to the team and the students thoroughly enjoyed their time by playing some fun VR games together. At last, a group photo was clicked and everyone reached the college at around 4 in the evening.

The industrial visit to the Coca-Cola factory enriched everyone's practical knowledge and provided the society a great opportunity to learn and gain some experience through demonstration and interaction.

The attendees were also asked to identify the possible career options on the basis of their strengths. This activity gave a moment of self introspection to everyone and also an opportunity to truly identify themselves.

Dr. Som then gave some wise tips and ways on how to strengthen one's personality and be an optimistic, confident and an intelligent person. He elucidated on the importance of identifying one's fears in life, adding positive traits to one's personality and planning everything in advance.

Overall, the session proved to be quite productive as her inspiring words gave the students a new perspective to uphold.

PRE-EVENT MARKETING CAMPAIGN

Before the commencement of the main event, a **Golden Ticket Opportunity** was given to the students through which they could skip the prelims of either of the two events and thus directly qualify to its next round. Held on **2nd November 2022** near the **college entrance area** at 12:30 pm, this opportunity consisted of two fun rounds.

- ❖ The **First Round** involved a game of ball pong wherein the participants were asked a few questions that carried four options, depicted by 4 different cups. Around **30 teams** participated in this round and threw the ball into the cup containing the option which they thought was the correct answer.
- ❖ The **Second Round** included a Rapid Fire Quiz that was based on pictorial questions. By winning this round, the team of Vansh Khattar, Namit and Ravi secured the Golden Ticket.

SPEAKER SESSION

The opening ceremony of ComQueer'22 started off when **Ekansh Taneja, a health professional and a fitness educator** was welcomed by Team ComSoc. He spoke on the topic- '**From 0 to Multiple 7 Figures in 3 Years**' in the **seminar hall** and inspired an audience of **100+** with his powerful words.

The speaker session gave a kick start to the Preliminary Round of both KAPITALISTA and ESPIÈGLE, the two sub-events of ComQueer'22. - ❖ 5 teams qualified into **Round 2** and now invested their money according to the fluctuating Rate of Returns (RORs) of the parameters.
- ❖ With the same teams, Kapitalista concluded its **Final Round**. The finalists placed their bets on the teams that had the highest and the lowest amount of money.
- ❖ In the end, Mishu and Khushal of Team 20 had the maximum profit and were declared as the winner. The second position was taken by Vishvkant Goswami of Team 11 and the third position by Ishika Panchal and Ayushi Singh of Team Annihilator.

- ❖ The selected 5 teams then proceeded for the **Final Round**, 'The Wheel of Fortune'. In this, the participants earned points by spinning the wheel and answering various business related questions.
- ❖ This event was won by Seerat Mehra, Gauransh Juneja and Bhavya of the College of Vocational Studies.

Everyone appreciated the conduct of the event and the preparedness by the members of the society. After the completion of the event, the participants and the ComSoc members were provided with refreshments from **UnLiv**.

INDUSTRIAL VISIT TO SEBI

March 16, 2023

Location - INA, Delhi

Teacher Coordinator	Meenakshi Aggarwal Shemphang Lyngdoh Deepika Mishra	Student Coordinator	Pratham Aggarwal
No. of Student Attendees	70	No. of Teacher Attendees	2

On **16th March 2023**, Team ComSoc successfully organised an industrial visit to the **Securities and Exchange Board of India (SEBI)** office located in **INA, Delhi**. **70 members** along with **two faculty members** visited the office with **the objective of learning about the financial markets and the functioning of the regulatory framework governing the Indian securities market**.

SEBI is a statutory body established on April 12, 1992 in accordance with the provisions of the Securities and Exchange Board of India Act, 1992. The basic function of the SEBI is to protect the interest of investors in securities and to promote the regulation of the securities market.

The members were divided into **two batches** of 35 each. The first batch reached the office at 11 am and received a warm welcome. They were escorted inside the conference room where the students were briefed by the **Northern Regional Manager of SEBI, Ms. Nanu Kaur Ma'am** about SEBI's role in regulating the securities market and promoting the investors' interests. She then elucidated the history of SEBI, its integration with regional stock exchanges as well as the need for exchange in the market and the agencies that look after it. She further talked about the depository system and elaborated upon SEBI's role as a regulator that ensures fair trading in the market.

Major functions of SEBI were discussed along with the legal framework and its enforcement powers. After the basic briefing, students were made aware of the do's and don'ts for investing in the financial markets and the necessary precautions to be kept in mind for the same. The manager then conducted a Q&A session to ensure that the information was well grasped by everyone. Moreover, she showed some videos to create awareness about numerous issues like unrealistic returns, SEBI's online grievance redressal system, SCORES, etc.

Thereafter, the students met the **Director of Northern Regional Area, Mr. Rajesh Kumar Dangeti**, who emphasised on the importance of research before investing in a financial asset. This was followed by a tour of the SEBI office, where the students witnessed real-time trading sessions and learnt about the cutting-edge technologies used there.

The visit concluded with the distribution of snacks and booklets containing information about SEBI and the financial markets. Finally, a group photo was clicked. The first batch of students left, followed by the arrival of the second batch at 12 pm who had a similar experience that continued for an hour.

Overall, the industrial visit to Securities and Exchange Board of India enhanced the financial acumen and practical knowledge of the students. It certainly presented the attendees with an excellent exposure to learn and acquire financial expertise through observation.

On **17th and 18th April 2023**, ComSoc, the Commerce Society of College of Vocational Studies, conducted its Annual Event - **ARCANOM 5.0**, with utmost zeal and enthusiasm. The event attracted a **100+ audience** who came in from various colleges.

SEMINAR - BSE AND CDSL

The first day of the event kicked off with a seminar conducted in the seminar hall by the **Bombay Stock Exchange (BSE)** and the **Central Depository Services Limited (CDSL)**, two prominent players in the financial industry. **Mr. Harbinder Singh Sokhi, manager of the BSE Investor Protection Fund**, and **Mr. Amit Kumar Jain, Sr. manager at CDSL**, addressed the session on the topic, '**Investor Education**', with an aim to educate the audience on various investment opportunities available in the market and the risks associated with them. Over **100** students attended this interactive seminar, where the speakers shared practical advice and valuable insights. With the attendees asking questions and seeking clarifications, the session turned out to be highly engaging.

This enlightening seminar was then followed by Round 1 of **INCORPORATED, the Finance Event**, which was summed up in the seminar hall on the first day of the event. The second day saw the completion of Round 2 of the same as well as all 3 rounds of **VANDEUR, the Marketing Event** in the conference room.

INCORPORATED - THE FINANCE EVENT

- ❖ **Round 1** of this event consisted of a live trading based mock-stock conducted by none other than the Bombay Stock Exchange (BSE). By simulating real-life trading scenarios, it aimed to test the participants' knowledge and skills in trading. The round was intense, with around **25 teams** from various colleges actively participating in the trading simulation.
- ❖ **15 teams** qualified into the **Final Round**, which took place on the second day of the event. This round required the competitors to solve case studies based on actual financial scams. Moreover, they had to use their financial expertise, critical thinking and problem solving skills in order to come up with ways to avoid falling for the con.
- ❖ Harshit Arora and Sreejit Guha were declared as the winners of this competition. The 2nd position was bagged by Ankur Bhadana and Naresh, while Harsh Raj Purohit and Akash secured the 3rd position.

SEMINAR - UNFINANCE

The second day of the event started off with a seminar in the seminar hall by the **Founder of UnFinance, Mr. Kunwar Raj Singh**. Possessing a deep understanding of financial principles and markets, he spoke on the topic - '**Stock for Dummies**'. While talking about the need for investment, he alerted the audience to avoid buying stocks of loss making or micro cap companies. He further informed everyone of the investing tools and apps that can be safely used by them. More than **100 students** attended the seminar, and gained practical knowledge about the stock markets and investments. This fruitful session resulted in a confidence booster for the finance geeks, who were able to clarify their doubts by actively interacting with the speaker.

VANDEUR - THE MARKETING EVENT

- ❖ The **Prelims** of this event were conducted in the college itself wherein the participants had to solve a quiz that tested their marketing expertise.
- ❖ **19 teams** qualified into **Round 1** that required the participants to create an advertisement for the products that had been provided to them.
- ❖ In the **Final Round**, the **11 qualified teams** participated in a marketing based Treasure Hunt. By finding the clues and solving the questions, they further moved onto the next location.
- ❖ Kuhu Verma, Pihu Arora, Niyati Gupta and Navya Jain of Team 9 were declared as the winners of this competition. The 2nd position was bagged by Arnav, while Vaanchhit secured the 3rd position.

At last, everyone appreciated the smooth way in which the event was handled and the efforts displayed by the members of the society. And by that, the two day annual event of ComSoc came to an end and turned out to be a huge success. The participants praised the competitive and upbeat environment of the event, which they truly enjoyed.

Time to take a stroll down memory lane with our first event, as we combined seriousness and playfulness together with the beloved board game, Game of Life, but in a professional and corporate setting. It was an informative and engaging experience for the participants.

Our sophomore event, Adverse, put the participants' marketing acumen to the test. With three exhilarating rounds, ranging from a board game brought to life with a marketing quiz standing between them and their path to victory, to a panel discussion that decided if they had what it took to be a true marketing genius.

Rishabh Aggarwal
FOUNDER, PICXELE
ANGEL INVESTOR IN 50+ STARTUPS

About the speaker

Rishav Agarwal is the Founder and CEO of Picxele (helps companies meeting their on-demand work requirements through Gig Workers). Picxele has reached 750K+ users and 8Cr+ in revenues over 3 years remaining Bootstrapped. He also mentors the upcoming student entrepreneurs through a fellowship programme Dhandho. Along with that he has invested in 50+ startups as an Angel Investor.

<https://www.linkedin.com/in/rishav-agarwal>

About the session

He started by explaining how recessions can significantly impact startups and investors in various ways. He further added :

For startups, recessions often mean decreased consumer spending and reduced access to capital. Consumers tend to tighten their belts during economic downturns, which can lead to decreased demand for products and services, making it challenging for startups to acquire customers and generate revenue. Additionally, investors may become more risk-averse during recessions, making it harder for startups to secure funding, particularly if they rely on venture capital or angel investments.

Startups may also face increased competition during a recession, as more individuals may turn to entrepreneurship as an alternative to a tough job market. This heightened competition can further strain resources and market share.

For investors, recessions pose risks to their investment portfolios. Stock market volatility and declining asset values can erode the value of their investments, including holdings in startups. Investors may become cautious and reduce their overall investment activity during economic downturns, impacting the availability of funding for startups.

However, there are opportunities amidst the challenges. Some investors may see recessions as a chance to invest in promising startups at lower valuations, potentially leading to substantial returns when the economy recovers. Additionally, startups that can adapt, cut costs, and demonstrate resilience may thrive in challenging economic environments, ultimately becoming more attractive to investors.

He concluded, recessions can present substantial challenges for startups and investors due to reduced consumer spending, increased competition, and a risk-averse investment climate. However, they also offer opportunities for savvy investors and adaptable startups to emerge stronger in the long run.

He has been nominated for Young Entrepreneur Award by AF & has been recognized as Startup Mentor & Investor at various institutions such as IT Bombay, IT Madras, NIT-Bhopal, Startup Uttarakhand, Business Blasters.

<https://www.linkedin.com/in/imperfectmentor>

About the session

He assured that building a startup while in college is possible, and illustrated the process with a practical example:

Step 1: Idea Generation

Start by identifying a problem or a market gap that you are passionate about solving. Let's say you notice a lack of eco-friendly alternatives for on-campus transportation.

Step 2: Market Research

Conduct thorough research to validate your idea. Survey fellow students to gauge interest in eco-friendly transportation solutions. You find that many students are concerned about the environmental impact and are willing to explore sustainable options.

Step 3: Create a Business Plan

Develop a comprehensive business plan. Define your target market (college campuses), revenue model (e.g., rentals or subscriptions for electric scooters), and growth strategy (expanding to nearby colleges).

Step 4: Build a Team

Recruit co-founders or team members who share your vision. You partner with an engineering student to design and maintain the scooters, and a marketing major to create branding and promotional strategies.

Step 5: Secure Funding

Utilize college resources, like entrepreneurship centers and grants, to kickstart your venture. Additionally, you pitch your idea to professors and alumni who may be interested in investing.

Step 6: Product Development

Start building your product – in this case, electric scooters. Partner with local manufacturers or explore crowdfunding to raise funds for initial prototypes.

Step 7: Legal and Administrative Tasks

Register your business and ensure compliance with local regulations. Also, consider liability insurance for your scooters.

Step 8: Marketing and Branding

Create a website and social media profiles to promote your eco-friendly transportation service. Run marketing campaigns targeting college students interested in sustainability.

Step 9: Networking

Leverage college networking events and alumni connections to gain valuable insights, mentorship, and potential partnerships.

Step 10: Time Management

Maintain a balanced schedule by allocating specific hours for classes, studying, and your startup. Effective time management is crucial.

Step 11: Learn Continuously

Seek advice from professors, attend entrepreneurship workshops, and engage with your college's entrepreneurial ecosystem to refine your skills.

Step 12: Adapt and Pivot

Stay open to feedback and pivot when necessary. If scooter rentals aren't as popular as expected, consider adding electric bike rentals to your services.

Step 13: Measure Progress

Set measurable goals, such as the number of rides per day or revenue growth. Regularly assess your startup's performance and adjust strategies accordingly.

He discussed how In this example, your college-based startup offers a sustainable transportation solution. With determination, resourcefulness, and adaptability, you can create a successful venture that not only addresses a market need but also enhances your entrepreneurial skills and opportunities for the future.

Seminar on Global Crude Oil Prices Impact and Policy By Mr. Bhaskar J. Kashyap

A seminar on the topic "Global Crude Oil Prices Impact and Policy" organized by ECONOX - The Department of Economics at College of Vocational Studies, Delhi University as part of Engima 4.0 was conducted on 13th October 2022 at 11:00 AM in the seminar hall. The guest speaker for the same was Mr. Bhaskar Kashyap, Assistant director at NITI Ayog.

He began by emphasizing the essentiality of crude oil as a source of energy and that India meets 85% of its crude oil needs through imports. Its price, however, is notoriously variable because of the dramatic price increase caused by the Pandemic and the ongoing Russia-Ukraine war. He also explained why oil prices are so variable. Oil is a product that is fungible and tradable. Auctions are used to buy and sell oil. The demand and supply of oil is inelastic and the main reasons for this are that 95% of vehicles operate on oil along with some geopolitical reasons.

The attendees discovered how an increase in Oil Price can lead to Recession. The first oil shock occurred in 1973, then the Iran War (OPEC Member) raised prices again in 1978, which was followed by a recession. High inflation, a budget deficit, a current account deficit, and declining currency reserves are the macroeconomic consequences.

Following that, a question and answer session was held, during which Mr. Kashyap answered students' questions and clarified their problems. Teachers were also thrilled to be able to join the session. The seminar concluded with a vote of thanks from the President of ECONOX to Mr. Kashyap. A token of gratitude was extended to Mr. Kashyap in the form of a sapling by Dr. Ashis Taru Deb, Teacher Incharge of the economics department at College of Vocational Studies, Delhi University.

About the speaker

Mr. Bhaskar J. Kashyap is an Assistant Director at Niti Aayog. Before this, he has been a consultant at Ernst & Young and worked with UNICEF.

Mr. Bhaskar holds experience in academics as well. He has been a research associate at Delhi School of Economics and a Research Assistant at Research and Information System for Developing Countries (RIS). He has completed his master's in economics from Delhi School of Economics.

Rescue The Abducted: A Treasure Hunt Competition

ECONOX - The Department of Economics of the College of Vocational Studies, Delhi University, organised Treasure Hunt - "Rescue the Abducted" on 13th October 2022 as a part of its Bi-Annual event Engima 4.0. Treasure Hunt was based on the theme that a multinational company has raised funding with one of the top angel investors, because of jealousy from the growth of this MNC, one of the companies plan to abduct the CEO. The company has called for detectives (participants) who will be able to rescue their CEO. The treasure Hunt started at 1:30 PM and the participants had only one hour to rescue the abducted.

Over 40+ teams from different colleges of Delhi University participated in the Treasure Hunt. Participants were thrilled about the Treasure Hunt. It was a time-bound activity, the team which would gather all the clues and reach their goal first would be declared the winner. There were seven QR codes at different locations and every QR code led to the next stage. Various parts of the college premises were used to place the clues. Each clue was in the form of riddles related to Economics, Business, Finance and Logical reasoning and the students thoroughly savoured decoding the hints. There was a lot of exhilaration as students ran from pillar to post to reach to their next clue. Members of ECONOX were present around the locations to help the participants in case of any queries or issues.

In the end, it was a treat to watch the winning team who were able to rescue the CEO within the given time limit with a huge smile on their faces.

With the result declaration, the event was concluded and thus adding another laurel to ECONOX.

Seminar on *Evidence Based Policy Making* by Mr. Paramjyoti Chattopadhyay

A seminar on the topic "Evidence-based policy making " was organized by the ECONOX - The Department of Economics of the College of Vocational Studies, Delhi University as part of Engima 4.0 on 14th October 2022 at 1:00 PM in the seminar hall of the college in the presence of Mr. Paramjyoti Chattopadhyay M&E specialist (Director Equivalent) at Niti Aayog. He began by explaining the meaning of evidence-based Policymaking that it is an idea in public policy proposing which emphasizes on the fact that policy decisions should be based on, rigorously established objective evidence. He added that Evidence-based policymaking can take many forms: using research findings to inform new policies or improve the effectiveness of existing programs, supporting data collection and analysis for research and management, developing policies that incentivize the use of evidence, and so on. In addition, he discussed many principles of evidence-based Policymaking and explained the importance of each principle.

In conclusion, he said that Evidence-based policy is a critical resource as we strive to meet our nation's most important challenges while ensuring that public funds are used as effectively and efficiently as possible. It is a tool to help the government learn what works. The principles presented here are basic building blocks in that process.

Following that, a question-and-answer session was held, during which Mr. Chattopadhyay answered students' questions and clarified their problems. Teachers were also thrilled to be able to join the session. The seminar concluded with a vote of thanks from the President of ECONOX to Mr. Chattopadhyay for taking his valuable time and showering us with information. Case Quest: A Case Study Competition

ECONOX -The Economics Department of The College Of Vocational Studies held the case study competition as a part of ENIGMA 4.0, a bi-annual event at ECONOX. Students were given the opportunity to solve real-world problems with their creative solutions in this round. The case study focused on climate change and its potential solutions. It is critical that we understand how the climate is changing in order to plan for the future. India is dealing with a number of issues. Climate change is linked to a variety of negative effects on agriculture, water resources, forests and biodiversity, health, coastal management, and temperature rise.

The first round was a quiz based on the student's general knowledge of economics, finance, business, and logical reasoning. The total number of teams that took part in the quiz was 15, with 7 of them moving on to the presentation round. Climate change was the subject of the case study, and each team constituted of 1-3 member(s). The presentations were judged by Mr. Rakesh Poonia, Mrs. Silpa Ravi, and Ms. Priti Agarwal.

The students were given a timer of 5+2 minutes for the presentation round, with 2 minutes for cross-questioning based on their presentations. Different people asked the team questions, which forced them to think outside the box and test their logical and critical thinking abilities.

A product that would reduce carbon footprint and economic policies for the same were requested from the participants. The audience learned many different ways to reduce carbon footprints in India thanks to all the students' excellent work.

FOOTBALL FANTASY FANATIC

The Economic Summit 4.0, the flagship event of ECONOX, The Economics Department of College of Vocational Studies, was held on 7th and 8th February 2023 and was a huge success. A football-themed event called "Football Fantasy Fanatic" was held as part of the main event on 7th February.

The Football Fantasy Fanatic, or FFF, was a stirring event for all football enthusiasts. It not only tested the participants' football knowledge, but it also evoked feelings of excitement and team spirit. The event got more than 150 registrations from multiple colleges. It began with an offline football quiz to test the knowledge of all the teams and the top eight teams advanced to the second round after a remarkable effort by all participants.

In the second round, the transfer market, all the teams were provided with a football team selected by a quick round of drawing chits. The players were then given a list that included the names of all 15 players on their football team, as well as their roles, points, and base prices. The participants were also aware that they each had a \$500 million budget. The teams were required to release five players from their team, from the given list for the auction that would take place after the transfer. Following that, the teams engaged in a series of deals and negotiations in which they traded players for either other players or cash. Participants showed qualities of critical thinking and deliberate planning and made compelling decisions.

After the transfer market, all the teams were provided with an edited list of their new players and leftover budget. Teams advanced to the third round, the auction. Players who had been released during the transfer market were now available for purchase. The ultimate goal was to have the most points on a team of 15 players. Teams had to make careful decisions to ensure that they got top players while keeping their budget from falling below zero. The auction began with marquee players such as Messi and Ronaldo, and prices reached 170 million dollars. All of the teams demonstrated excellent strategic skills, high spirits, and a competitive nature, with everyone attempting to outbid the others.

With all of the rounds completed and everyone in anticipation, it was time to announce the winner of the event. The total points and remaining budget for each team were computed. In the end, three teams were declared winners.

INDAGATION BY CVS

ECONOX, The Economics Department of College of Vocational Studies (CVS) organized their flagship event, The Economic Summit 4.0 on February 7th and 8th, 2023. It included the Research Paper Presentation Competition "Indagation by CVS".

The event was designed to provide a platform to the participants to present their research papers and showcase their skills in the field of Economics. The event was also an opportunity for the participants to interact with experts in the field of Economics, the Economic professors who judged the presentations. This interaction helped participants to gain insights into the latest developments in this field and to understand the nuances of research methodology.

The theme of the research paper event majorly revolved around Economics and Finance. The event had two rounds, the first round was an online abstract submission round where the participants had to send their research abstracts to team ECONOX. The event was open to students from various institutes and colleges, and more than 30+ abstracts were received, out of which 5 were shortlisted for the final round.

The final round was a presentation round where the five shortlisted participants had to present their research papers with the help of a PPT. The presentation topics were diverse and included the Indian debt management crisis and the proliferation of UPI in India, among others. The presentations were judged by Economics professors of College of Vocational Studies, who evaluated the papers based on their originality, clarity of thought, and research methodology.

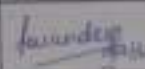

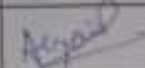

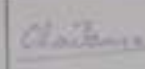

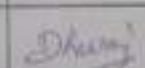

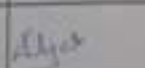

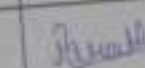

The participants delivered excellent presentations, showcasing their research skills and insights into the field of Economics. The two best teams were declared the winners of the event.

LEGAL AWARENESS ON WOMEN'S EQUALITY

About the speaker : To make the event insightful and to spread awareness, Advocate Niyati Sharma was invited as our speaker for this special occasion. She is one of the brightest civil litigators and has an expertise in POSH act and contracts drafting.

She has completed her graduation in English Literature from Delhi University and LLB from Modern College of Professional Studies. She is a practising Advocate and has been working as a part of legal counsel in North Delhi municipal corporation and as an intern in Delhi High Court. She is currently active as a government pleader as well.

AAGHAAZ - The Women Development Cell of College of Vocational Studies, University of Delhi - organized the much-awaited event of Women's Equality Day on 2nd September 2022. The purpose of celebrating Women's Equality Day is to fill the gap between men and women created by society. Aaghaaz believes that equal and fair societies are more likely to be prosperous and harmonious. The speaker started the session by explaining to us how crimes are reported but also multiply every single day! Importance of Prevention of Sexual Harassment Committee in every college and how important it is for every female out there to be aware of her rights. Unwanted girl child, how some females misuse their rights to report a fake allegation, the importance of self-defence, and the right way of registering an FIR is by stating the facts and not considering the emotional values. The speaker talked about all these points in much detail and made the session quite interactive. She also explained how important it is for every one to be aware of their legal rights so they can help themselves without a lawyer. This was the first offline event of the tenure of 2022-23 which received an impressive feedback from all sides. Aaghaaz had never witnessed these many people before, and it was one of the most beautiful mornings, filled with so many young enthusiasts in the same room!

*AAGHAZ – THE WOMEN DEVELOPMENT CELL OF
COLLEGE OF VOCATIONAL STUDIES, UNIVERSITY OF DELHI*

Report of Aaghaaz X Namhya Event

Date: - 15th September 2022

Venue: - Seminar Hall

Timing: - 11:30am-1:00pm

Aaghaaz: The women's development cell of the college of vocational studies successfully conducted an event on the 15th of September to Spread Awareness on PCOS on the occasion of PCOS awareness month

To conduct this event, Aaghaaz-WDC collaborated with Namhya Foods. It's a leading

Ancient Ayurveda brand focussing on helping and curing PCOS and PCOD.

The founder of Namhya Foods **Ms. Ridhima Arora** was present in our college as

our guest speaker to spread awareness of PCOS and PCOD.

In the session, Ms. Arora talked about the myths, facts, and symptoms of PCOD. She shared her personal experiences during the session as well. She also took time to answer the questions of our audience.

Along with the speaker session, Aaghaaz conducted a Quiz for all the students attending the event on the topic of PCOS.

At the end of the session, we also conducted a Jar activity in which we gave the

audience 3 Questions and the Audience wrote their answers on a piece of paper and dropped the answer in the jar.

After this, our speaker Ms. Ridhima Arora read the answers and was quite amazed by the great response from the students.

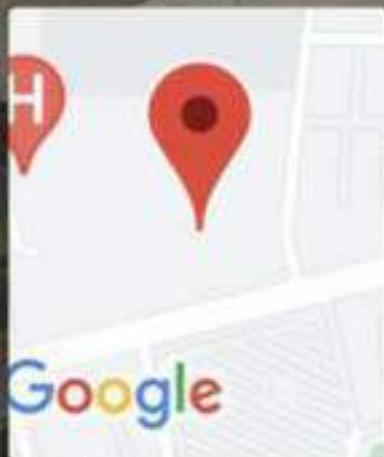

Before the Event, Aaghaaz surveyed our college to collect data on how many students are aware of PCOS and received around 120 responses.

Along with this, we posted an Instagram Reel where we went to random students in our college and asked them questions related to PCOS. We made this reel so that our efforts are not limited to our college campus.

In conclusion, the event was a huge success with a footfall of around 150+ students and an interactive and fun speaker session.

AAGHAZ - The Women Development Cell of College of Vocational Studies, University of Delhi

ALLY WEEK REPORT

Aaghaaz, the women's development cell of the College of Vocational Studies successfully conducted an online speaker session on the 25th of September to spread awareness about the meaning and importance of an 'ally', and how it creates a difference in our society.

To make sure our audience was given an in-depth understanding of the LGBTQIA+ community, Ms Prarthana was invited as our guest speaker! She is a queer content creator on YouTube and other social media platforms. She's also an entrepreneur in the hospitality industry.

In the session, Ms Prarthana talked about all the different types of sexualities, the taboos attached to them, and the laws related to the community. She shared her personal experiences and told real-life stories about how people of this community are not accepted in society. Our audience was very interactive and came up with all sorts of questions and doubts they had about the LGBTQIA+ community and our speaker made sure that every question was answered from her side.

The Queer-Collective Wing of Aaghaaz played an important role in conducting the whole webinar and also making it very interesting for our audience by organizing a survey and asking people about their views on why society faces a difficult time in accepting this particular community.

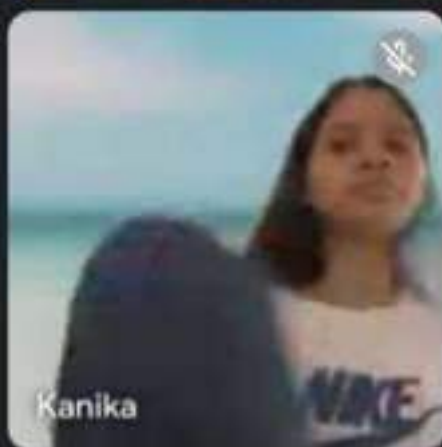

They also did a creative job by interviewing the college professors about Ally Week and understanding their thoughts and views on the same. This was later converted into a reel to spread the word on social media. In conclusion, the event was a huge success with a footfall of around 100+ students and an interactive and fun speaker session!

Day 1(11.10.2022)

Panel Discussion

Date: 11/10/2022

Time: 10:30 PM

Venue: Seminar Hall

Aaghaaz conducted its semi-annual event on 11th-12th October 2022. Along with a number of other sub-events within the 2-day celebration, a rather significant one was the panel discussion that took place on Day 1(i.e..11th Oct). The guest speakers invited for it were Fitness influencer, Rashmi Rai; Entrepreneur and model, Shalini Bhatia, and Yoga teacher, Smriti Vashisht. The three panelists were able to maintain a very energized spirit throughout the discussion. The students actively engaged in conversations with the respected speakers and actively responded to their fun yet honest questions regarding the equation of all the genders in society; how men and women should not be discriminated against because of biological differences, especially women. They laid emphasis on how both men and women should be free to be themselves, and not remain confined to irrational gender norms. One of the panelists even had a spontaneous push-ups competition in which both male and female students enthusiastically participated. They were able to imbibe righteous ethics on empowering women around us, respecting them, and being supportive of them in terms of professional and personal aspects. Men can as much be cooks, dancers, or yoga gurus just as women can be weight lifters, gym enthusiasts, or bike riders. We should all enact for a better, safer, and egalitarian society; this is what the audience went home with. The event was a great success.

Dr. Anu Satyal
(Convenor)

Aaghaaz organized its orientation program for the new students admitted this year on 14th November, 2022. All the members of the society actively contributed to ensure a smooth functioning of the program. The orientation began with a warm welcome of the freshers with some fun interaction in between. The students were quite enthusiastic to ascertain the functioning and the motive of the cell. The audience was delighted to watch a special dance recital performed by Priyanjana Ghosh, a History Honors student of our college.

This was followed by a brief introduction of each department carried out by their heads and associates respectively. The Harassment Redressal Cell and the Queer Collective cell grabbed the attention of many freshers as it made Aaghaaz stand apart from the rest of the societies.

After addressing and introducing the devoted and enthusiastic core committee members of the society, who briefly described the operations of their respective departments, we kept up the lively spirit and projected a brief behind-the-scenes video of our society, which perfectly captured the enthusiasm and youthfulness of the members.

A quick Q&A session led by our president followed as the video neared its end. After any queries about how various departments functioned were answered, a fun quiz focusing mainly on society was held, with the winners receiving fascinating vouchers.

Aaghaaz surprised everyone with a jamming music session as a part of the closing ceremony of the orientation. All the students in attendance at the seminar hall eagerly applauded the performance by two skilled singers, Aditya Nair and Anshu Goswami.

During the session, she talked about all her ups and downs in favor of just being who she is,

and the challenges she faced in accepting her identity. She discussed it's not just difficult to be trans but also to dress up according to one's choice. The best learning our audience could get from her is 'It's you who's important more than any society, person, or culture'. The main motive behind her entire discussion was love for oneself.

Aaghaaz, the Women Development Cell of the College of Vocational Studies, Delhi University conducted a speaker session on Project Sparsh on Acid Attack.

One of the most experienced advocates in legal aid and awareness, Advocate Mrinalini Khatri was present as our guest speaker to spread awareness about the acid attack issue.

During the session, Ms Khatri talked about the reasons why such crimes take place. She gave the audience an insight into how it is to go through something so terrible, how it affects the victims and how to save yourself if you are ever attacked. The audience got to learn about the chemical names of those harmful acids. Ms Khatri also shared some real-life cases and her personal experiences to give a better understanding of the issue.

Everyone was taught how to register an FIR and how essential it is to report a crime without fear.

In the end, she also answered all the questions that the audience had and made the session interactive and knowledgeable for everyone.

The event was a huge success with a footfall of around 100+ students and an interactive and fun speaker session.

Day 1:

Manasvini, the annual fest organized by Aaghaaz, the Women Development Cell of CVS, commenced with great enthusiasm on its first day. The fest, dedicated to promoting gender equality, women empowerment, and creating a safe space for the LGBTQIA+ community, witnessed a plethora of events that were both engaging and impactful.

Pride-HRC March:

The highlight of the day was the Pride March, which took place within the premises of College of Vocational Studies. Students, faculty, and staff came together in solidarity, holding colorful banners and placards advocating for LGBTQIA+ rights. The march was a powerful display of support for the community, with participants chanting slogans, dancing, and spreading awareness about the importance of inclusivity and acceptance. The vibrant atmosphere and the sense of unity among the participants were truly inspiring.

Stalls:

The stalls at Manasvini were also an integral part of the first day's events. One unique initiative was a box where people could anonymously share their thoughts and experiences in exchange for a muffin. This creative concept encouraged participants to express themselves freely, providing a platform for them to share their opinions, stories, and perspectives on various social issues. The exchange of muffins for thoughts created a safe space for self-expression and sparked engaging conversations among participants. Many shared their experiences of discrimination, harassment, and stereotyping, while others expressed their hopes, dreams, and aspirations for a more inclusive and equal society.

Collaborations with various Girl-Ups and other organisations had been a hit! And was enjoyed by the whole crowd!

The organizers and volunteers of Manasvini deserve special appreciation for their unwavering efforts in making the first day of the fest a resounding success. Their dedication, hard work, and passion for promoting gender equality and empowerment were evident in the seamless execution of the events. The coordination, creativity, and energy displayed by the team were commendable and set the stage for a memorable fest.

As the fest progressed, there was an anticipation of more exciting events in the coming days. Manasvini promises to be a celebration of womanhood, inclusivity, and empowerment, and the first day has set the tone for an eventful and impactful fest. The participation and engagement of students, faculty, and staff on the first day were indeed encouraging, and it is hoped that the momentum will continue throughout the fest, creating a positive and empowering environment.

Flashmob came as a great and enjoyable surprise to the audience gathered in the college amphitheatre. A number of members participated and danced their hearts out to many upbeat songs. The song which indirectly inspired us to select the theme of our event 'Banno ki Saheli against Patriarchy' was also included in the playlist. You might already be familiar with the song 'ye ladka hai Allah' from the movie 'kabhi Khushi kabhi gham'. The flashmob lightened up the mood and had quite an entertaining appeal to it. The audience thoroughly enjoyed the performance and the participants loved showing off their dancing skills. Many of the audiences even started taking up photos and videos, perhaps, to capture the fun and joy they were experiencing. Needless to say, Flashmob was definitely a hit.

Nukkad Naatak:

Performed by the one and only, 'Asmita Theatre'. The Nukkad Naatak was based on the Harassment Redressal theme, and conveyed a really deep message! The performers and the audience could feel the pain and the emotions! A standing ovation was received by the theater group! The footfall of 200+ people couldn't take their eyes off such a fantastic performance!

Speaker Session:

The Speaker session for the first day of Manasvini 6.0 was about 'Women in Armed Forces'

Moderated by Mr Vikas Naithani, poet of the book "The Nameless", a military and war poetry book!

The speaker of this session was Major Preeti Sehrawat!

She was escorted by the NCC members. She recited the story of how she joined the army and gained this level of success through all the ups and downs of her life. Her talk was really inspiring for the audience!

Day 2:

The second day commenced with an energetic and full of vigor flashmob. It came as a great and enjoyable surprise to the audience gathered in the college amphitheatre. Many of the audience even started taking up photos and videos to preserve this memory. Needless to say, Flashmob was definitely a hit.

Event Summary:

The CVS Parliamentary Debate is among the few prestigious parliamentary debating events organized in the Delhi debating circuit by major institutions. It offers students an opportunity to engage in constructive dialogue over pertinent matters. This year's iteration contained seven rounds distributed over two days.

The event began on day one with the opening address and motion announcement for the initial round, wherein debaters sparred thrice over the course of the day in debates lasting over two hours each.

The second day started with the fourth round, which was quickly followed by announcement of teams qualifying into the quarterfinals by the student organizers including Pratik Singh, Gaurav Chandra, Sarisha Palli, and Namit Mahendru.

Moving further with alacrity, the final round was conducted between teams attending from Sri Venkateswara College, Hindu College, and Shaheed Bhagat Singh College over the motion "THP a world where people prioritize Eudaimonic happiness over Hedonic happiness." The event culminated in Shaheed Bhagat Singh College securing a win by a margin of 6-5 from an 11 member panel composed of competitive student adjudicators.

Deeksha Sharma offered the vote of thanks on behalf of the organizing committee to wrap up the proceedings.

Participants experienced discomfort due to infrastructural issues pertaining to unavailability of water. E-certificates were provided to the participants afterwards. A detailed schedule of the event is attached here.

ZEPHYR- THE FILM AND PHOTOGRAPHY SOCIETY OF CVS

REPORT 2023-24

ABOUT US

Founded in 2016, Zephyr -the film and photography society of the College of Vocational Studies, started with the aim of providing a platform for enthusiasts who have a passion for photography and videography. Being a part of Zephyr is not only about knowing the technicalities and complexities of taking the perfect shot, it is about making something simple stand out. We believe in telling stories untold by expressing what we see through our lens and making every moment we capture worthwhile. What started as an idea to empower photography as a meaningful skill has now germinated into a community full of talented Photographers and Videographers. Zephyr empowers us to create a unique vision. To us, photography is about people being veritable and after that allowing us to depict that moment to remember it until the end of time. Zephyr, throughout the years, has won numerous accolades for the college by performing impeccably in competitions held in different colleges in the fields of photography, and filmmaking. Zephyr has also organized many events and exhibitions inside as well as outside the college. There have also been many successful collaborations with media houses and other colleges that we have been able to achieve. Zephyr is now one of the most popular and reputed societies in all of Delhi University with a generous amount of likes on Facebook and a good reach on Instagram. We also have our social media handles on Twitter and LinkedIn where we are trying to reach out to those who have the same interests as us. Zephyr organizes its annual photography exhibition "Invision" each year during the annual fest of the college where we showcase all the work done by the society for the year through various themes.

We, at Zephyr, strive to instill photography as a passion, not just a mere hobby. We Aim to bring change in the society's perspective and uplift the obscure section of the society.

PRESIDENT'S NOTE

VANSHIT SIKKA (PRESIDENT 2023-24)

Vanshit Sikka serving as the President of the tenure 2023 - 24 is the perfect match of a well-rounded and a versatile professional. In an endeavour to carry forward the legacy, he has been leading the way with immense effort and dedication.

The hard work is evident from the fact that he with his team bagged the first position in various Photography and Filmmaking competitions in IIT Kanpur and IIT Delhi last year during their annual fest along with some Delhi University colleges like Sri Venkateshwara and Maharaja Agrasen College. According to him, he's been going over the art form of Photography since his high school years and has been improving since then. He has excelled in every category, whether it be the grueling 50-hour filmmaking competitions or a photo-walk. A major professional affiliation includes working for AROGYAKARA, a farm biodiversity startup which aims to produce healthy food and beverage ingredients. He also led the Delhi versus Dilli theme for INVISION'23 successfully.

He dedicates his newfound enthusiasm for the world of filmmaking to Zephyr and is grateful for the opportunities the society has provided with. What started as a curious interest has grown into a significant part of his identity. He hopes to inspire the members of the society while seeking inspiration in this journey.

ANNUAL EVENT – INVISION

The yearly photography exhibition "INVISION" is hosted by Zephyr - The Film and Photography Society of CVS during the time of our yearly Fest. This event, which showcases the extraordinary ability and creativity of the members here at Zephyr, has grown to be a much-anticipated tradition on our campus. To celebrate the art of photography and the impact of visual stories, INVISION annually brings together students, academics, and photography enthusiasts from across the DU Circuit.

INVISION is organized within our college campus, where we turn the room provided to us into a captivating visual fantasy. The room's beautiful atmosphere, enhanced by the dimmed lighting and thoughtfully placed images, makes it the perfect place for viewers to enjoy the artwork on show.

Every year, we have four different themes: two that are both creative and challenging, one social theme that focuses on giving back to society, and one that focuses on the technical aspects of photography; all 4 of the themes are displayed in our exhibition. Additionally, we organize photography and filmmaking competitions during INVISION open for the whole DU Circuit during INVISION. To provide our online audience the INVISION experience, we upload the best images from each of our themes on our Instagram handle after the completion of our offline exhibition.

INVISION 2023

Continuing on the tradition of successful exhibitions every year, INVISION 23 was a bit more special for us. Zephyr persevered when everyone else gave up after being discouraged by the cancellation of our Annual Fest and made INVISION happen bigger and better than ever before on our own, without the Annual Fest. With our undying passion for the art of Photography and Videography, we curated an event that made everyone appreciate what goes behind an artist's mind. We were grateful to have had the opportunity to communicate with a bunch of societies all over the DU Circuit, which made us realise how important each of our perspectives was to the world and how our art makes a difference. Along with our exhibition, we organised one photography competition, "NAZARIYA", and two filmmaking competitions, "DASTAAN" and "ISHTEHAAR", during INVISION with professional judges, in which more than 20 colleges of the Delhi University participated. This year, Invision was held from April 24 to April 26 with four exciting themes that made everyone connect with Zephyr even more.

THEMES - INVISION 23:

1. **Stop the Motion** - In this captivating theme, we tried to freeze the constantly moving reality to reveal the essence of photography. Each picture is a powerful attempt to seize time and transform

unnoticed beauty into timeless treasures. These frozen moments tell stories about the world, elevating the mundane to the extraordinary.

We've pushed the boundaries of our creativity, exploring technical skills, storytelling, and artistic expression. "Stop the Motion" encapsulates the poetry of stillness amid ceaseless motion, offering an immersive experience that showcases the beauty of everyday life. "Stop the Motion" was not just an opportunity to capture fleeting moments but also an opportunity to explore technical skills, storytelling, and artistic expression.

2. **Dilli V/S Delhi** - "Dilli" carries warmth and nostalgia, reflecting centuries-old traditions, architecture, and a way of life that define the city's identity. Our photos reflected upon how, amid this city's transition into a rapidly developing metropolis with a broader urban landscape and modern skyscrapers, the city still hasn't lost the warmth and nostalgia, the centuries-old customs and traditions, jobs, architecture, and way of life that have shaped the city's identity.

This theme transcends time, capturing both the old and new faces of our capital. It allowed us to explore Delhi's streets, from towering skyscrapers to the narrow lanes of Chandni Chowk. We witnessed different lifestyles, from Connaught Place to Chawri Bazaar, from Uber taxis to battery rickshaws, all while capturing the essence that unites them.

3. **Movie Stills** - A theme where we recreated some of the most iconic scenes from Hollywood and Bollywood movies. The stills captured by us are snapshots of cinematic artistry, preserving the essence of the story and evoking emotions. Recreating movie stills fostered a deeper connection with

cinema, provided an opportunity for artistic expression, and allowed us to showcase our creativity, talent, and attention to detail in replicating the visual elements of a film. With attention to detail and creative flair, we've captured the essence of beloved characters and moments, bringing them to life in a series of still images. From the colours and expressions to the shadows and settings, each photo tells a story, waiting to be rediscovered by you. This was a journey through the world of cinema. We tried to let our stills transport people to a place of wonder and nostalgia.

4. **Backbone of the Society** - A theme that highlighted the unsung heroes who are the foundation of our communities. These individuals work tirelessly behind the scenes, yet their efforts often go unnoticed. We aimed to bring attention to their dedication and hard work through our photographs and stories.

From garbage collectors to security guards, from electricians to delivery personnel, these individuals are the backbone of our daily lives. They perform essential tasks that keep our communities running smoothly, yet their contributions are often overlooked.

Our theme celebrated these unsung heroes and shared their heartwarming tales of struggle, passion, and joy. We captured their emotions and struggles with the utmost commitment and respect, and we hoped to inspire recognition and appreciation for their efforts.

COMPETITIONS - INVISION 2023:

NAZARIYA

All photographers hold the power to capture the essence of any given moment and tell the story behind it. Zephyr hosted NAZARIYA, an on-the-spot photography competition, to offer students a platform to showcase how they see the world through their lens. The theme for this competition was revealed on the spot, where participants brainstormed, captured, and edited within 2 hours. The competition took place on April 25.

The judge for this competition was Raghav Rai Ralhan, a self-taught travel photographer whose pictures speak to you; the emotions he captures and how he portrays his vision set him apart from other photographers. His work has been published in Harper Collins (The Year Time Stopped, 2022), Smart Photography (2022), Chiiz magazine (Volumes 16, 28, and 40), an article in The New Indian Express (2022), and an honourable mention in the International Photography Awards (2018).

DASTAAN:

Zephyr brought DASTAAN, an on-the-spot short filmmaking competition, for everyone who saw their lives as a movie and loved portraying emotions and thoughts through visuals. We gave everyone who has the eyes and mind for filmmaking an opportunity to explore themselves and create something beautiful along the way.

The judge for this competition was Siddhartha Bedi, an independent filmmaker and master storyteller who graduated from Hansraj College in the year 2019, where he served as the Vice President of the Dramatics Society. A blend of drama, filmmaking, and directing led him to educate and mentor aspiring filmmakers across the country. He recently assisted one of his favourite Indian directors, Bejoy Nambiar, who has directed some beautifully crafted works such as Wazir, Fame Game, Shaitan, and Taish. He also worked as a director at Arré.

ISHTEHAAR:

Short films are always fun and enjoyable. They help us express our thoughts and emotions through our lenses. The way films work, the colour theory used, the ideas generated, and the script that is behind a film are some of the things that all film enthusiasts are excited about. Zephyr organised ISHTEHAAR, an online filmmaking competition for all the film geeks who wanted an opportunity to put all their knowledge into producing a film of their own. ISHTEHAAR was an open-themed competition that allowed students to express their artistic side and show the magic of their perspective.

The judge for this competition was Agrim Sansanwal, an amazingly crafted director, editor, writer, and filmmaker. He completed his graduation in filmmaking from Whistling Woods, one of the most reputed film schools in India. He was the writer, director, and editor of the film To Caterpillar From Butterfly (an official selection for the Dharamshala International Film Festival), the assistant editor for Skater Girl (streaming on Netflix), and the writer, director, and editor of the film Barish ka Nala Nadi, Ya Adhuri Kahaaniya.

ARPEGGIO – THE MUSIC SOCIETY OF CVS

REPORT 2023-24

Arpeggio is the musical backbone of College of Vocational Studies. It promotes and performs all kinds of music by expressing all the ideas and emotions in significant forms that the members have in themselves.

We, the members of Arpeggio, take extreme pride in our achievements that range from solos, Indian choir as well as western choir to band.

The team of Arpeggio has bagged approximately 50 positions in the college fests including some outstation fests like IIT Kanpur & IIT Roorkee in the tenure 2022-23.

ACAPELLA

Like many, Arpeggio also covers the category of acapella flawlessly. Acapella refers to vocal music performed without instrumental accompaniment. It often involves harmonizing voices singing different parts, creating a rich and intricate sound. This has helped everyone of us in our overall musical development. Meanwhile, we also have bagged positions in places such as IIT Roorkee and IIT Delhi.

INDIAN CHOIR

Arpeggio has always been a little biased towards the choir for it has held a beautiful place in everyone's heart, as the process of learning from scratch and finding ourselves fall slowly but surely in love with classical music had not only made us find a sort of bond among our members but also made us confident in ways unexplained. We will forever

cherish every effort, every voice and every failed attempt to reach the perfect scale that got us to our first win.

BAND

One of the categories wherein Arpeggio has always excelled and bagged the most positions in, is Band. A band performance is a dynamic and captivating experience that combines music, stage presence, and audience interaction wherein the music genre and style of performance can vary widely, from rock and pop to jazz and classical. 'After Hours', the band of Arpeggio has always made our college and society proud with the number of positions throughout the circuit.

SOLO SINGING & RAPPING

Arpeggio has had the joy and pleasure to have played a role in the musical journey of all who came as a

vocalist, instrumentalists and rapper who with their hardwork and passion for learning music and their perseverance went to the stage and didn't fail to shine each time.

ACHIEVEMENTS OF ARPEGGIO

Throughout our journey, we have been fortunate to accomplish milestones that have shaped our path and defined our purpose. We, Arpeggio, have achieved a number of positions over the past years in our variety of segments like Band, Western Choir-Acapella and Indian Chair.

DRAMANOMICS – THE THEATRE SOCIETY OF CVS

REPORT 2023-24

Introduction of DRAMANOMICS

The Theatre Society at the College of Vocational Studies known as Dramanomics, was founded in 2012. It provides a way for everyone to access and enjoy theatre.

It started out as just a street play society and ultimately grew to include theatre and mime shows. It has consistently and actively participated in the Delhi Collegiate Theatre Circuit. Our institution and numerous other Delhi University departments have recognised and given the group praise for its efforts.

The purpose of Dramanomics is to educate students about theatre and all of its facets. It discusses the current societal, political, social, and environmental issues. It looks for young, passionate writers, performers, and musicians. It offers a place where you can practise acting, teach acting, write plays, experiment with yourself, and discover the hidden side of the nature.

Activities We Conduct

We conduct workshops for the new members for our society. We indulge in a lot of team building and confidence building exercises. Some of our main activities include Physical workout, Voice training, Improvisations and many other activities.

We separately conduct Stage and Mime workshops for our members where we do activities related to these productions.

STREET PLAY: CRASH COURSE

'CRASH COURSE' The Annual Street Play Production 2022-23 focuses on the issue of road safety in India - a concern which affects every citizen in some way. Through a blend of socio-political satire, real-life scenarios and a solution-oriented approach, the play dives into the realities of India's unsafe roads and the causes behind them. The play begins with an introduction to the characters and their lives, and how they are affected by road safety. We are then introduced to the three major issues - road accident, road rage, and lack of immediate assistance. Through a series of skits, the play explores how each of these issues are related to politics by introducing the role of enforcement, and how they contribute to making Indian roads unsafe. The play also looks at how education among citizens can contribute towards making roads safer - from following traffic rules to helping out in an accident. The play ends with a call to action for the citizens of India to be more responsible for their own safety and that of others, and to work together to make Indian roads safer for everyone.

STAGE PLAY: EUREKA

Science has always been striving to bridge the gap between the present and the future, but what happens when technology gives us the power to shape our future? Will we be able to make wise decisions and protect our future? This is the question explored in the play, "EUREKA". The story is set in the world of Artificial Intelligence, and follows Danish, a journalist who visits the research lab of Dr. Anura for an interview. There, he discovers four advanced humanoids each with its own purpose.

Soon Danish realises that if Dr. Anura continues to develop these machines, he and people like him will lose their jobs in the future, and it is his responsibility

to put a stop to her work and protect mankind. The play is also enriched by beginning with a PROLOGUE which involves traditional dance forms Butoh from (Japan), used in the form of physical theatre, costumes and masks inspired from Greek Theatre, and a script inspired from the TV show episode Nick of Time by Rod Serling. The theme of the play is Science Fiction Comed. This ludicrous experimental production is intended to invoke the strong debate while maintaining the realism of the original text. the story has been told through caricature acting, imaginative costumes and ridicule actions accompanied by classic comedy music By exploring the themes of fate, destiny and choices, EUREKA will give the audience an invaluable insight into the power of choice and the importance of embracing the uncertainty of the future.

Report of the event:

The eagerly anticipated Geetanjali festival - an annual event hosted by the Dr S Radhakrishnan Book Club of the College of Vocational Studies - saw a splendid turnout. This high-energy festival provided endless joy and a haven for bookworms seeking solace in literary activities. The latest instalment, Geetanjali 2.0, was held on February 2nd and 3rd, 2023, spreading joy among readers and non-readers alike over the two-day festival.

The 2-day event opened with discussions on readers' opinions. Tanya Shrivastava led the fiction section and discussed the celebrated thriller novel - The Murder of Roger Ackroyd by Agatha Christie. A discussion on Humankind, A Hopeful History by Rutger Bregman, led by Harsh Malik and Aditya Nair, explained the various aspects of the book, making it a must-read. The day they also featured a book thrift, where every student from the college could get a book at a minimal cost. This activity was much appreciated and admired by the students. Apart from this, the book club also had a recommendation jar where people could get book recommendations and an impromptu storyboard where people from the college each contributed a line to weave an exciting storyline.

The following day Book Club started with a session by Dr Nidhi Saini, where she talked about the perks of reading and being a reader. She also shared a few anecdotes from her life and some of her poetic creations. After an insightful session, the Book Club held a book exchange where students exchanged their books with fellow readers, an activity that received much love from students and teachers alike.

The DSR Book Club of the College of Vocational Studies also launched its monthly Bibliomaniac Magazine - February edition. The magazine promotes reading habits and literature among students and features articles, reviews, and recommendations of books from different genres. DSR Book Club CVS and its team revealed the magazine in the presence of its humble convenor - Mrinmoyee Das and received positive feedback from students and faculty. About the book discussions:-

Dr S. Radhakrishnan Book Club of CVS has two discussion cells, Fiction and Non-fiction Discussion Cell. We conduct discussions on fiction and non-fiction books every month. This forum allows the members to be opinionated and instills in them the ability to listen to varying viewpoints. In the last session, we had six discussions covering both Hindi and English books.

On August 25, 2022, the Book Club conducted discussions on the books Fritz and Do Kalakar, authored by Satyajit Ray and Manu Bhandari, respectively. The storyline of Fritz revolves around the special relationship a child has with his toys. Members recollected their childhoods and related their fondness for a particular toy. "Do Kalakar" is a story of two friends with different backgrounds and upbringings and their different takes on the things around them. This discussion was enriching as every member agreed that the real "Kalakar" is the person who brings his ethics into practicality.

The next discussion was conducted on September 14, 2022, on the books Ranga's Marriage by Masti Venkatesha Iyengar & Kafan by Munsii Premchand. Ranga's Marriage is a beautiful depiction of rituals and cultures in our villages and the stereotypes which exist. The members talked about the reasons behind these stereotypes and highlighted the roles of a village in imparting our cultural heritage to the younger and coming generations. Kafan by the Upanyas Samrat Premchand is a poignant reminder to society about people living in extreme poverty and for whom the necessities are distant

luxuries. The members agreed that the privileges that they take for granted are surely dreams for a large section of people in our country.

“My Frozen Turbulence in Kashmir” is written by Jagmohan, who was the governor of J&K from (1984-89), and sheds light on the events preceding the worsening situations in Kashmir. Being someone who was holding a constitutional post and officially involved in the decision-making, he mentions that things could have turned differently, had the few decisions been taken rightly. For the members of the club, we got to know some rare facts from this book.

On February 10, 2023, we had a very profound discussion on the book, Humankind: A Hopeful History, authored by Rutger Bregman. This book delves into the history of humankind and tries to show the human race achieving greater heights working as a society. The wrongs done by this human race were touched upon by the members. They also discussed some atrocities which still have a deep impact on our societies.

The last discussion of the session was on the book ‘Our Bodies, Their Battlefield’ by Christina Lamb on 12th April 2023. The author is a renowned Journalist who has covered wars in Afghanistan, Iraq, Libya and Syria. The very accounts of horrors committed by armies during wars on women of their enemy countries sent shivers down our spines. The object-like treatment of Yazidi women in Iraq by ISIS, Boko Haram’s abductions of girls in Nigeria and the systematic oppression of girls’ rights and freedoms in Taliban Afghanistan threw hard and heavy realities at our faces. This book left us all with teary eyes, praying for the betterment of the situations for the victims and secretly acknowledging the privileges we enjoy and take granted for.

We got to know his point of view on our country and the cultural and economic relations India shares with Ethiopia. He reiterated the importance of reading and learning about a country's culture before visiting it. The most important part of the interaction was his message, and I would like to quote him, "Always bow to show respect and be always humble with everyone". These words truly convey a very deep message that everyone should abide by.

His college visit became more special with the presence of different food and games stalls set up by the students which in a way, reflected our festivals and cultures and provided a window for our guests to learn about them. The session was interactive and full of learning, and students had a very enriching experience while interacting with our guests.

CHILDREN'S STORY TELLING SESSION **(A COLLABORATED ACTIVITY)**

25th September, 2022

Teacher Coordinator	Mrinmoyee Das

About the Activity

Children's Story Telling Session, which was conducted on 25 September 2022, is one among many such activities that Dr S Radhakrishnan Book Club organises to encourage the culture of book reading at a very young age. Not only does it enhance a child's vocabulary, but also instill moral values in them. There is a saying that goes " There are two gifts that we should give our children, one is roots and the other is wings". Our Book Club very well understands the importance of reading books in one's life and follows this message. This activity was held in collaboration with SK Children Foundation which saw a good number of volunteers participating in it and making this event successful.

The bright smiles of the children and their laughter echoed in the surroundings which created a positive environment and enhanced the energy of the volunteers. Our session started with storytelling from Panchtantra. A total of four fables were read out and the concentration with which they listened and the way they interacted was a sight to behold. This was followed by a drawing competition in which the children participated enthusiastically and showed glimpses of their imagination through their paintings. These types of sessions not only help the children but also the volunteers who are slowly growing out of their teen lives and reaching the stage of adulthood. Overall, it was a fruitful session and was full of fun and learning.

BOOK WALK

1st September, 2022

Teacher Coordinator	Mrinmoyee Das

No. Of Participants	15
No. Of Teachers	1

About the Activity

Dr. S Radhakrishnan Book Club of CVS regularly makes visits to book fairs and events related to books to provide opportunities for its members to meet people who follow a similar passion. This also allows the members to know places related to books, meet with their favourite authors and get to know about the publishing houses. In the last tenure, we had two such visits. One was BookLoot Delhi which was organised by booked.com and the other was a visit to the International Book Fair, held in Pragati Maidan.

During our visit to BookLoot, members got a chance to look at umpteen books and some even bought a few. As time flies by while reading a book, the same was felt during this event as we spent hours over there. Everyone had a great time and the members got to meet new people.

The visit to the International Book Fair was enthralling and everyone was mesmerized to see the ocean of books in a single place. Each hall and room was filled with books and publishing houses. People from each corner of the country thronged the Book Fair and everyone was busy searching for their favourite books and authors. The members of our book club learnt about the various publishing houses, interacted with their representatives and got to know about many famous books in foreign languages. The memories of this visit still linger in our memories as it was full of thrills and excitement.

About the Activity

Book Exchange is one of the main events of Dr. S Radhakrishnan Book Club Of CVS, DU, which it conducts regularly. This activity allows the students to exchange their old books with new ones to

read new authors and explore different genres. Also, it becomes a forum for people who like reading books to meet and get to know each other.

The Book Exchange event which was held in September 2022, saw a large number of students participating in it. The excitement and their eagerness to read a new author and try a new genre were easily visible on their faces. They were patient while going through the books and showed a great deal of maturity. The members of the Book Club guided and managed the crowd and helped them in choosing and exchanging the books. This event also encourages students who are still developing reading habits. The motto of our Club is to create an environment of reading culture and this event acts as a messenger to fulfill this. The turning up of students with books in a large number and the management of this event by our members in a systematic manner made this event a successful one.

Exciting Two-Day Campaign !

22nd-23rd August , 2023

TEACHER COORDINATOR	Dr. Shalini Singhal
STUDENT COORDINATOR	Harshita Singh (President) Ishita Khatri (Vice President) Aarjav Jain (Secretary) Janvi Bansal (Head Advisor) Muskan Yadav (Junior Advisor)

MANAS CVS- The Mental Health & Advocacy Cell of CVS organised a wonderful campaign in amphitheatre of their college. The exciting two-day mental health campaign was a resounding success as we, alongside our dedicated team members, had the privilege of organizing it on the grounds of our college. We felt honored to lead this impactful initiative aimed at raising awareness and dismantling the stigmas surrounding mental health.

DAY 1 - 22nd August , 2023

Engaging Activities for Empowerment

On the first day of the campaign, we set the stage with two engaging activities tailored to promote mental health awareness and create a positive atmosphere:

✦ **Activity 1 - Guess the Word:** We embarked on a challenging journey of deciphering words related to mental health and positivity. It was inspiring to witness the enthusiasm and insightful responses of our peers.

✦ **Activity 2 - Myth Busting:** We facilitated a playful yet enlightening activity where participants took on the role of mental health myth busters. We shared laughs and engaged in valuable discussions, all while dispelling misconceptions. Notably, we were heartened by the diverse range of participants, spanning from freshers to experienced students, demonstrating that the message of mental well-being resonated across all years.

DAY 2 - 23rd August , 2023

Nurturing a Welcoming Environment

Day two was all about connecting with the newest members of our college community. We hosted an orientation session designed to acquaint the freshers with 'Manas,' its mission, vision, and significant initiatives. We delved into the vibrant history of our cell, shared insights from past events, and explained the collaborative efforts of different departments within the society.

The passion and curiosity displayed by the freshers were truly inspiring, igniting a sense of hope for the future of mental health advocacy within our college.

We are immensely grateful for the unwavering support of our team and the enthusiastic participation from our fellow students. This campaign has been a testament to the power of collective action and the significance of nurturing open dialogues around mental health.

Setting up stalls in and around college campuses constitutes a crucial element of our comprehensive outreach strategy, amplifying our ability to advance our mission in multifaceted ways. These stalls serve as dynamic platforms, casting a spotlight not only on our diverse projects and products but also on the vital social causes we wholeheartedly support.

In terms of community outreach, these stalls are instrumental. By engaging directly with students from various colleges, we connect with potential future change-makers. These interactions become channels for sharing our mission and discussing pressing social issues, effectively motivating and empowering young minds to become driving forces behind positive societal transformation under our banner.

Moreover, these stalls function as central hubs, providing a comprehensive overview of our ongoing initiatives. They significantly amplify the reach and popularity of our projects within the community. By showcasing our projects prominently, we are able to mobilize support and foster engagement among those who come into contact with our stalls.

These stalls, while promoting our initiatives, serve as engaging platforms for potential change-makers and centralize the visibility of our projects. Through these initiatives, we actively advance our social causes and cultivate a sense of community among all who encounter our outreach efforts. With this multifaceted approach, we are committed to making a lasting impact and driving positive change.

Organizing marketing campaigns on special occasions like International Women's Day and International Happiness Day has proven to be a potent strategy for creating a lasting social impact and spreading awareness about our community upliftment projects. These campaigns are designed to engage a diverse audience, reaching students and faculty within the college, the broader local community, and online followers.

Likewise, our International Happiness Day campaign took a hands-on approach by paying a visit to the Khushiyaan NGO. This visit allowed us to directly impact underprivileged communities, spreading joy and support while highlighting our dedication to community

upliftment. Our engagement with Khushiyaan NGO served as a vivid example of how marketing campaigns can translate into tangible, positive change for those in need.

By addressing critical social issues like health, sanitation, and gender inequality through these campaigns, we aim to raise awareness and educate and inspire individuals to actively support our cause. Furthermore, these campaigns embody and promote values such as gender equality and happiness, attracting like-minded individuals and fostering a sense of community. Over time, these efforts can lead to lasting change, inspiring ongoing support and potential collaborations with other organizations and stakeholders who share our mission.

Teacher's Day

A Teachers Day Campaign was organised at Project Abyaan's Sewa Bharti Community in Rohini, New Delhi. The campaign was inspired by the idea of the 'Importance of role models' in our lives. The community members were given flowers and badges, and a card-making session was held after it.

Men's Day

To celebrate men, our team invited people to mention the man in their life who inspires them the most. Other than that, to break the stereotypes, our team conceptualized the campaign 'They are men and they too can.' The idea was to help create a safe space for men.

Children's Day Campaign

For Children's Day, our team aimed at uniting the crowd with their younger selves. For the offline campaign, participants were asked to write down their names and the advice they would give to their younger selves. Lollipops were also distributed to the crowd as a marker of childhood and playfulness.

International Women's Day

Our team planned offline campaigns for Women's Day titled 'That's what she said' and 'I am a woman on a mission to.' The campaigns highlighted inspiring women in our lives and their words that encourage us daily.

Happiness Day

For Happiness Day, our team visited the Khushiyaan Foundation and interacted with the children, the epitome of happiness, there. They made delightful cards for their loved ones and danced with joy in the end.
