The Computer tender for the purchase of 80 desktop computer was taken up by the purchase Committee. The Committee was informed that only one bid has been received for the above.

As the number of bids received for the Computer tender is not sufficient, it is not possible for the Committee to fix the lowest price. The Committee is unable to gauge whether the bid price will be reasonable or not in comparison to the market price.

Therefore, the Committee is of the opinion that the tender should be cancelled and suggests re-tendering.

Following Decisions were taken.

The college has received 211 tenders for security services. The committee reviewed them for evaluation on 28th February 2023. The validity of the tender expires on 8th 2023. 4th, 5th March and 7th, 8th March are holidays.

The committee opened and evaluated 14 bids till 1 pm after which the

Following Decisions were taken.

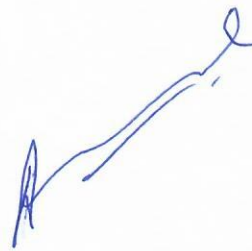

The college has reviewed 211 tenders for Security services. The committee reviewed them for evaluation on 28th February 2023. The validity of the tender expires on 8th Mar 2023. 4th, 5th March and 7th, 8th March are holidays.

The committee opened and evaluated 14 bids till 1 pm after which there

was no availability of internet.

In view of all these, the committee is of the opinion that it is not possible to technically evaluate rest of the bids and to open the financial bids and conclude the tendering process within the stipulated time.

Therefore, the committee recommends retendering for security services and give at least 60 days validity of the tender.
